## MSc/GradDip World Heritage Management & Conservation (One Year Full Time or Two Years Part Time)

At present, the Convention concerning the Protection of the World Cultural and Natural Heritage is considered one of the most effective global instruments to protect natural and cultural properties. With increasing globalisation of heritage the conservation and management of World Heritage has emerged as an interdisciplinary field of study. This is creating new opportunities for inclusive heritage debate and dialogue, both locally and globally, which require common tools and understanding. This MSc in World Heritage Management & Conservation is for applicants motivated to protect and conserve world, natural and cultural heritage.

This MSc provides a thorough knowledge of the World Heritage Convention and its application in solving heritage conservation problems. It will equip you with the theoretical knowledge and practical skills necessary to develop a career or to up-skill your professional experience in the development of management and conservation strategies for the protection of heritage. The programme will examine remedial action and preparedness strategies in response to threats to heritage such as unsustainable tourism activities, inappropriate uses and development pressures, climate change and natural disasters as well as invasive species and habitat fragmentation.

### First Masters of its kind in the world

The MSc in World Heritage Management was one of the first of its kind in the world and is the only World Heritage Masters in Ireland.

You can also choose to study by distance learning.

Course Code: F098/X139

Newgrange, Brú na Bóinne, Ireland

Giant's Causeway, Northern Ireland

## Career Opportunities

Recent graduates now work in international organisations, national authorities, international conservation agencies, world heritage properties, national parks, museums and in research, education and consultancy in the public and private sectors.

Roles include world heritage manager, protected area manager, park warden, park ranger, heritage officer, education officer, and natural resources manager in countries including Ireland, the UK, France, Italy, the USA, Canada, Australia, China, Democratic Republic of Congo, Ethiopia, Georgia, and Uganda. Some graduates have continued their research at PhD level as part of our dedicated PhD in World Heritage.

## Graduate Profile

**Eiru Olinga Moses,**  
Uganda Wildlife Authority

"The World Heritage Management course is an interdisciplinary programme which enhances interaction between nature, culture and man. Through this course, I was able to develop practical skills, pedagogic proficiency and theoretical insights on aspects that make up this interaction. The course included approaches to working in and sharing experiences with other students. This has improved my communication skills and enhanced my ability to craft solutions to various conservation challenges."

**Fees** Fee information at [www.ucd.ie/fees](http://www.ucd.ie/fees)

## Entry Requirements

- The programme is intended for applicants with an honours primary degree in a wide range of subjects including archaeology, economics, geography, architecture, biology, agriculture, engineering and other relevant arts, humanities, science and social sciences subjects.
- Relevant professional experience may also be taken into account.
- Applicants whose first language is not English must also demonstrate English language proficiency of IELTS 6.5 (no band less than 6.0 in each element) or equivalent.
