Equality, Diversity and Inclusion (EDI)

Strategy and Action Plan
2018 - 2020 - 2025

UCD EDI Strategy Introduction

UCD's 2015-2020 Strategy speaks of a mission 'to contribute to the flourishing of Dublin, Ireland, Europe and the world' and 'providing a supportive community in which every member of the University is enabled to achieve their full potential.' UCD has a long tradition of using its capacity to promote equality, diversity and inclusion. Our two mottos from 1911, *Ad Astra* ('To the Stars') and *Cothrom na Féinne* ('levelling the playing field'), reflect aspirations to both excellence and inclusiveness. As part of the implementation of UCD's 2015-20 Strategy, the University established the University Management Team Equality, Diversity and Inclusion Group and, through a number of sub-groups, has sought to enhance UCD's capacity and activity in developing and implementing policies which seek to remove barriers to equality, celebrate diversity and promote a positive sense of inclusion. In 2018 the UMT adopted a new Equality, Diversity and Inclusion Policy for the University which renews UCD's commitments to EDI.

The renewed focus on EDI enables us to say what has been done and what is the impact of our policies and actions but also to raise awareness of the challenges we face across all ten of the University grounds, which are drawn from the Equal Status Acts 2000 and 2004, the Higher Education Act 1997 and Bunreacht na hÉireann, the Constitution of Ireland. We recognise, in particular, that formal compliance with legislative

duties is necessary but insufficient to deliver on our objectives. This new Strategy draws on and develops both the things we have done and the wide range of planned actions addressing equality, diversity and inclusion challenges. No one thing will make us a truly equal, diverse and inclusive place to learn and to work. Rather we will progress through implementing a great many smaller actions, each of which points in the same direction, mainstreaming our commitments in the lived life and culture of our great University.

This Equality, Diversity and Inclusion Strategy and Action Plan sets down at a high level the initiatives we are taking across a set of six EDI objectives. Sitting behind this is a more detailed statement indicating who is taking a lead and expected timelines. I am grateful to all who have been involved in building our capacity for equality, diversity and inclusion generally and for supporting the development of this Strategy and Action Plan in particular. The publication and implementation of this document is a significant step towards further enhancing UCD as an equal, diverse and inclusive place of employment and learning. We are not complacent about the challenges we face in implementing this strategy and acknowledge that the real measure of success for this strategy will be a sense of wellbeing, equality and inclusion for all our students, staff and wider community.

Professor Colin Scott,
Vice-President for Equality, Diversity and Inclusion

UCD Equality Diversity & Inclusion Vision

UCD's vision for EDI is to be a leader and role model in equality and diversity in the higher education sector nationally and internationally, and for EDI to be at the heart of all we do.

UCD Equality Diversity & Inclusion Mission

UCD believes in equality, diversity and inclusion and embeds these fairness principles into all aspects of University life. UCD's mottos, "Ad Astra" and "Cothrom na Féinne" reflecting both excellence and fairness, remind our community that fair play is integral to our mission and informs our policy development, behaviours and decision-making so that the UCD community embraces equality, diversity and inclusion.

UCD will ensure that through specific actions, we deliver on our equality, diversity and inclusion objectives and meet our legislative requirements across the 10 University grounds.

UCD Equality, Diversity & Inclusion Strategy

UCD aspires that this Strategy becomes a 'living' document, laying new foundations to drive the equality, diversity and inclusion agenda forward. As a University community we will deliver a strategy that contributes to a vision that values and benefits us all, that enables new ways of learning and working together and allows everyone a chance to fulfil their full potential.

We recognise that there will be challenges to overcome and that is why every member of the University community has a responsibility to commit to, support and contribute to the success of the strategic actions in order to ensure that it succeeds and contributes towards the achievement of the strategic objectives.

Timeframe

The timeframe for this strategy is until 2025. This strategy will be reviewed in 2020 following the revision of the UCD Strategy to ensure that it remains in line with the University strategy and to also seek to incorporate KPIs to measure impact as per the University strategy.
