

Rum & Raisin Units

Designed November 2009-12-20

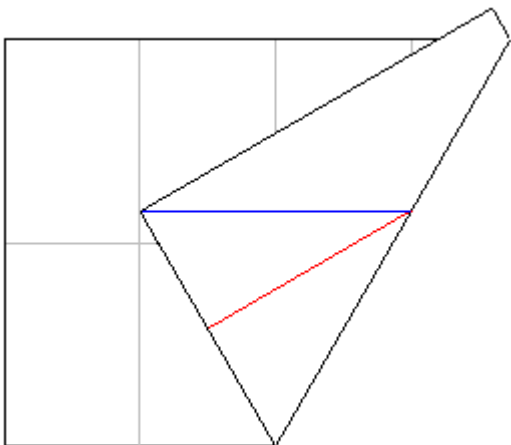

Diagrammed December 2009

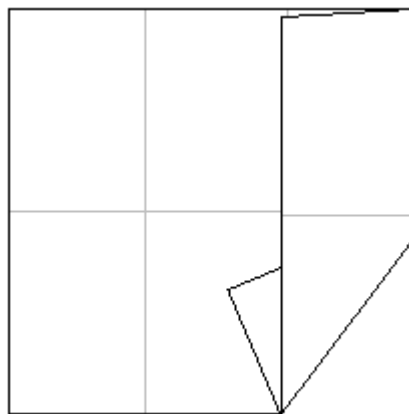

1. Crease in half, horizontally, and quarters, vertically.

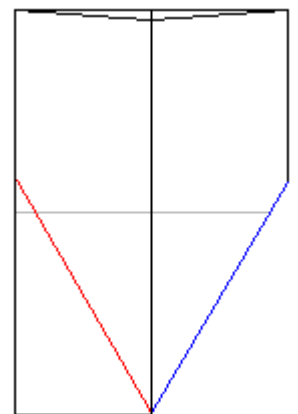

2. Crease along the red line, so that the bottom right corner lies on the blue line.

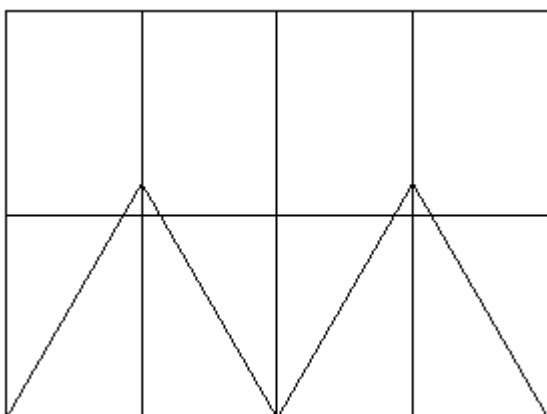

3. Valley fold along red line and mountain fold along blue line. This turns the corner into an inside reverse fold.

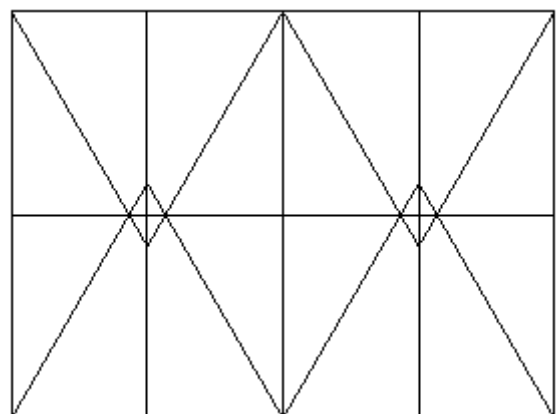

4. Fold left-hand edge to centre.

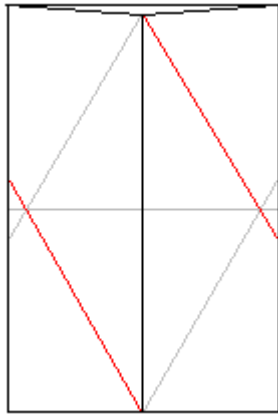

5. Fold along red line, so that the bottom edge lies along the blue line.

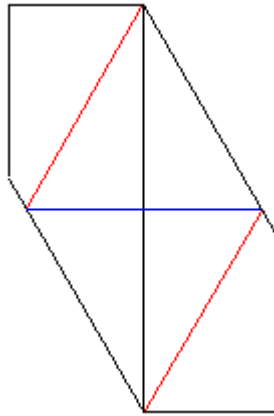

6. Unfold. The pattern of creases should look like this. Rotate 180 degrees.

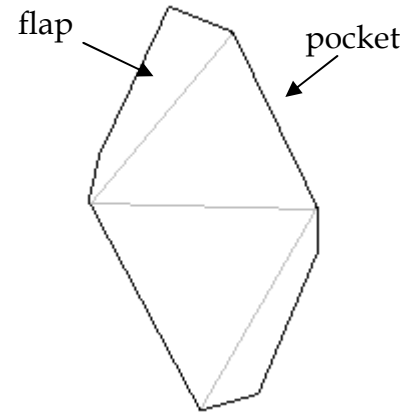

7. Repeat steps 2 - 6 and unfold. The creases should look like this. Fold left and right edges to centre.

8. Inside reverse fold along the red lines.

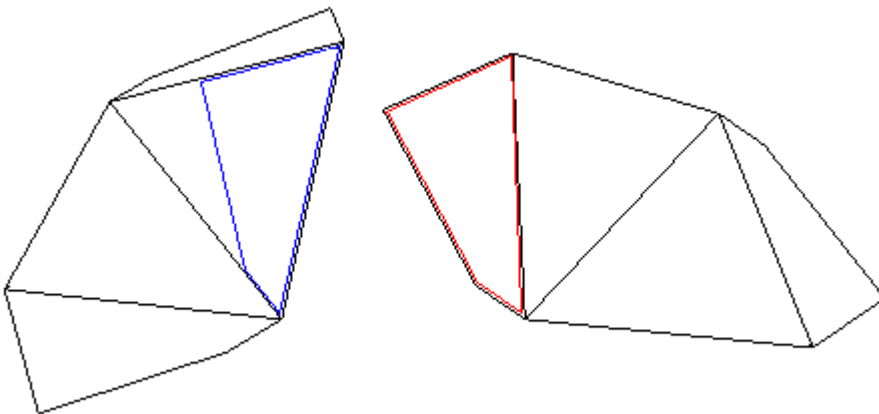

9. Valley fold along red lines, mountain fold along the blue line, and turn over.

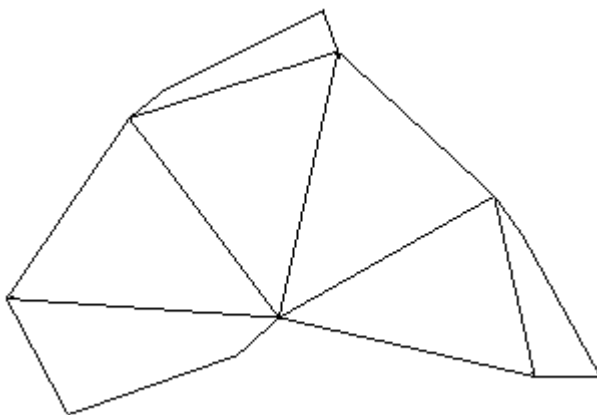

10. The unit is complete. It has two flaps and two pockets.

Assembly

Insert the flap outlined in red into the pocket outlined in blue.

Continue adding units in the same way.
