

All Ireland Cancer Consortium Conference 2015

New horizons for cancer: removing boundaries

Riddell Hall, Belfast
10th - 13th May 2015

Programme sessions cover:

- Centre for Cancer Research and Cell Biology (CCRCB) Symposium
- Reclaiming life after cancer” - patients and charities event
- Capacity Building across the Island of Ireland for Cancer Research
- Population health/ cancer prevention / health promotion
- Palliative care / end of life
- Building cancer research / clinical trials / pharma partnerships
- Cancer nursing research
- Survivorship
- Quantitative Biology
- Cancer Health Economics
- Future Planning and Policy

- * The Centre for Cancer Research and Cell Biology at Queen’s University Belfast, in conjunction with the Ireland-Northern Ireland-National Cancer Institute Consortium, will host the All-Ireland Cancer Consortium (AICC) Conference 2015
- * This multidisciplinary conference brings together the cancer research and care communities on the island of Ireland with those from the UK, Europe and US including keynote speakers from the National Cancer Institute, USA.
- * The themes and topics of AICC 2015 should make the conference attractive to everybody involved across the spectrum of cancer disciplines

Invited speakers include:

- Declan Walsh (TCD, Ireland)
- Nora Kearney (Brighton, UK)
- Julia Rowland (NCI, USA)
- Gauden Galea (WHO Europe)
- Alexander Eggermont: (Gustave Roussy) Paris
- Sean Duffy, (National Cancer Director, NHS England)
- Ian Banks (European Men’s Health Forum and ECCO Patient Advocate Committee)

Important dates:

- £110 for Junior or Early Stage Investigators
- £165 for Senior investigators
- Registration closes: 1st May 2015
