Note re CVEN40730 Professional Work Experience: Students should initially register to CVEN40730 Professional Work Experience as their Option Module for Semester 2, Year 1 of the ME. During Semester 1 (Year 1 of the ME), students will be expected to submit their CV to prospective employers under the guidance of the Internship Manager. Professional Work Experience opportunities will be offered by employers and the allocation of places is on the basis of competitive interview with the prospective employer. In the event that a student is unsuccessful in securing a Professional Work Experience, the student will be required to register for the alternative Option for Semester 2, Year 1 of the ME, i.e. CVEN40500 Design Project and four 5-credit option modules.
