# Congratulations

Welcome to University College Dublin and congratulations on being offered a place in one of Europe's leading research-intensive universities.

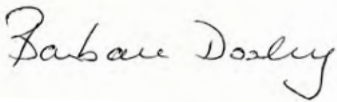

UCD is Ireland's leader in graduate education with approximately 8,000 graduate students with almost a quarter being graduate research students.

UCD offers a unique campus environment with world class degree programmes and research sitting side-by-side with a wonderful array of clubs, societies, sporting facilities, student residences and woodland walkways. University life should be a journey of academic and personal discovery and the UCD campus facilitates both. We encourage our students to "Learn Today, Lead Tomorrow". Many of UCD's graduates have gone on to leadership positions in Ireland and across the globe in academia, medicine, engineering, the arts, sports and politics. UCD graduates are consistently ranked highly by global employers and enjoy excellent job prospects.

This Graduate Offer Pack has been prepared with the intention of making your transition to UCD as smooth as possible. In the coming pages, we have included what we think might be some helpful information to you as a new student. This includes information about the admissions process and what you must do next in order to accept your offer, as well as information about the University and the city of Dublin.

Upon entering one of our graduate programmes you will begin on a path of intellectual stimulation, learning new skills and expanding your knowledge of your chosen discipline. It is a tremendously rewarding experience and one, which will both enrich your life and enhance your career prospects.

I look forward to welcoming you to graduate studies at UCD.

## Meeting the conditions of your offer

### English language condition

Teaching in Irish Universities is through the medium of English; therefore all applicants from Non-English speaking countries are required to demonstrate a high level of competence in English language.

The minimum English Language Requirements in relation to International English Language Testing System (IELTS):

**An average score of 6.5 over all components and a minimum of 6.0 in each band on the Academic Version**

The minimum English Language Requirements in relation to Test of English as a Foreign Language (TOEFL) administered by Princeton University:

In the Test of English as a Foreign Language (TOEFL), **a minimum score from 600 paper based TOEFL (with a minimum score of 475 in the Test of Written English), 250 computer based TOEFL or 90 internet based TOEFL (iBT)**

See page 24 Note 4 for Visa specific language Requirements.

### Academic condition

If your offer is conditional upon obtaining a degree, the offer letter will state the level required. When your degree results are known, please upload a certified copy of your results. We may also ask for original transcripts to be mailed. Official translations must be provided with the original/copy documents where documents are not in English. Any offer will be conditional until we have received satisfactory original transcripts. Applicants who wish to have their original documentation returned should forward a stamped addressed envelope.

### Deposit condition

A deposit of €500 is payable to secure a place on most courses. Deposits are non-refundable. If you are in any doubt as to whether a deposit payment is required from you then please contact the relevant School directly. The deposit amount will be deducted from your fee obligation.

### Proof of identity

Applicants should be aware that, if admitted to a course, they will be required to present either their birth certificate or passport as part of the registration process.

For all proficiency tests the results must be **less than 2 years old**. Some courses require a higher level of English language competency. Please check with the relevant UCD School.

Some courses have higher English language requirements. Please make sure to check the English language requirements for your chosen programme of study.

## Deferring an offer

If you are thinking of deferring your offer please contact the relevant School. A charge of €500 will be applied to any applicant who receives a deferred offer of a place on a graduate taught course. The charge will be set against the fees for the subsequent year and is not an additional financial imposition on the applicant.

Deferral students will not be required to pay the application fee when reapplying for the subsequent term. In order to facilitate this, the Online Applications unit will need to be made aware once the new application has been submitted in order that the mandatory payment facility can be overridden.

In cases where an applicant has been granted a deferral, but does not wish to pay the charge, application can be made the following year as normal and assessed in competition with other applicants.

There is no onus on schools to offer a deferral facility if they do not wish to do so.

Log in to your online application account at: [www.ucd.ie/international/apply](http://www.ucd.ie/international/apply) and click on 'Pay Deposit' to proceed to the secure payment area.

## Rejecting an offer

If you do not want to take up a place of study in UCD, you can reject the offer on the applications system as explained in the offer section above.

A detailed breakdown of your fee obligation is available while registering in the SIS (Student Information System) through your UCD Connect account.

### When to pay fees to UCD?

Students may pay fees by semester:

all fees must be paid in advance
- **If you are on a 2 semester programme**  
you may pay your fee in halves by semester
- **If you are on a 3 semester programme**  
you may pay your fee in thirds by semester

Further information on payment dates is available at:  
[www.ucd.ie/registry/adminservices/fees/fee\\_payment\\_dates.htm](http://www.ucd.ie/registry/adminservices/fees/fee_payment_dates.htm)

If you require a visa to study in Ireland, visa application requires that you pay the greater of €6,000 or half the tuition fee – see page 23 for further information.

**Note 1:** If you require a visa to study in Ireland please be advised that the Irish Government will only issue a student visa to students who have paid their tuition Fees in full or paid a minimum deposit to the value of €6,000. Please ensure that you have paid and received a receipt to the value of the minimum visa payment requirement of €6,000, so as to avoid visa refusal on the basis of incomplete tuition fee payment.

**Note 2:** Where a student is receiving funding from a third party source, students must pay either a half or a third (whichever is applicable to the programme) of any balance of fees and charges in order to be a registered student of the university.

## How do I pay fees?

- If you have an Application Number or a Student Number you can pay directly by credit or debit card using UCD's online payment facility. This is available at [www.ucd.ie/stuweb](http://www.ucd.ie/stuweb). A receipt will be emailed to you at your default email address or another that you specify.
- Students making payments from outside Ireland may also pay UCD directly by International Bank Transfer to:

**UCD Fees Account, Bank of Ireland,  
College Green, Dublin 2. Ireland.  
IBAN : IE82 BOFI 9000 1720 6115 11  
Swift Code: BOFI IE 2D**

- Pay via the [PayToStudy](http://www.ucd.ie/registry/adminservices/fees/non_eu_fee_payment.html) payment facility. This facility is especially useful for students who require a VISA to travel and/or study. You may access this service via webpage: [www.ucd.ie/registry/adminservices/fees/non\\_eu\\_fee\\_payment.html](http://www.ucd.ie/registry/adminservices/fees/non_eu_fee_payment.html)

## Receipts

If you use a direct payment method you will need to contact UCD for receipts relating to Visa applications etc. This may take some time; therefore we urge international students to use the [PaytoStudy](http://www.ucd.ie/stuweb) option to expedite payment and visa applications.

If you pay online you will be emailed a receipt. You may also print your own receipt for the current year. Log into [www.ucd.ie/stuweb](http://www.ucd.ie/stuweb)

For further information on UCD Fees visit:  
[www.ucd.ie/fees](http://www.ucd.ie/fees)

## Important notes:

- UCD regrets that it cannot accept cash payments for any portion of a student's fees.
- If you pay UCD directly by International Bank Transfer it is essential that you include your student number (or application number) - if known- as the sole narrative. A copy of the Bank Transcript should also be sent to UCD by [www.ucd.ie/registry/adminservices/fees/connector.html](http://www.ucd.ie/registry/adminservices/fees/connector.html) or faxed to 00 353 (0) 1 716 1228.
- The UCD Fees and Grants office does not issue invoices to individual companies or to students for the purposes of paying fees. If you are in a situation whereby you are in receipt of private sponsorship this is a matter between you and your sponsor directly. The fee liability for your programme rests in full with you as a student of UCD.

## Funding and scholarships

Check out [www.ucd.ie/international/scholarships](http://www.ucd.ie/international/scholarships) for information on scholarships and funding available for international students.

### Funding for US citizens and residents (Financial Aid)

University College Dublin is approved by the US Department of Education to certify loans under the 'William D. Ford Direct Loan' Program.

Under the new Program, eligible students can obtain Subsidized & Unsubsidized Direct loans and also Direct PLUS loans. Federally supported loans will be made by the US Department of Education rather than by a private lender/bank. Students who are not eligible for federal loans may apply for credit-based private loans to help finance their education at UCD. However we advise all students to apply for federal loans before applying for private loans.

Please bear in mind that US Federal Government regulations for foreign schools differ to those for US schools and that the process we follow is in compliance with those regulations.

# Visa information

## Do I need a visa?

Some but not all non-EU/EEA students require an entry visa for Ireland. You can check on **[www.inis.gov.ie](http://www.inis.gov.ie)** for the list of countries that are not visa required. If your country is not on the list, then you require a visa. (Examples – UK, US, Canadian, Brazilian, Malaysian students do not require a visa whilst Indian, Chinese, Russian students do).

You must make your visa application on-line using the AVATS on-line facility. Completing the on-line application form is the first step. The application will only be processed when the on-line form is completed AND the required documentation, passport photograph and appropriate fee are received by the relevant office as indicated by the on-line system.

If you are applying from China, India, Nigeria, Russia, United Arab Emirates or the United Kingdom, please also check the Irish Embassy website for details of further documentation which may be required.

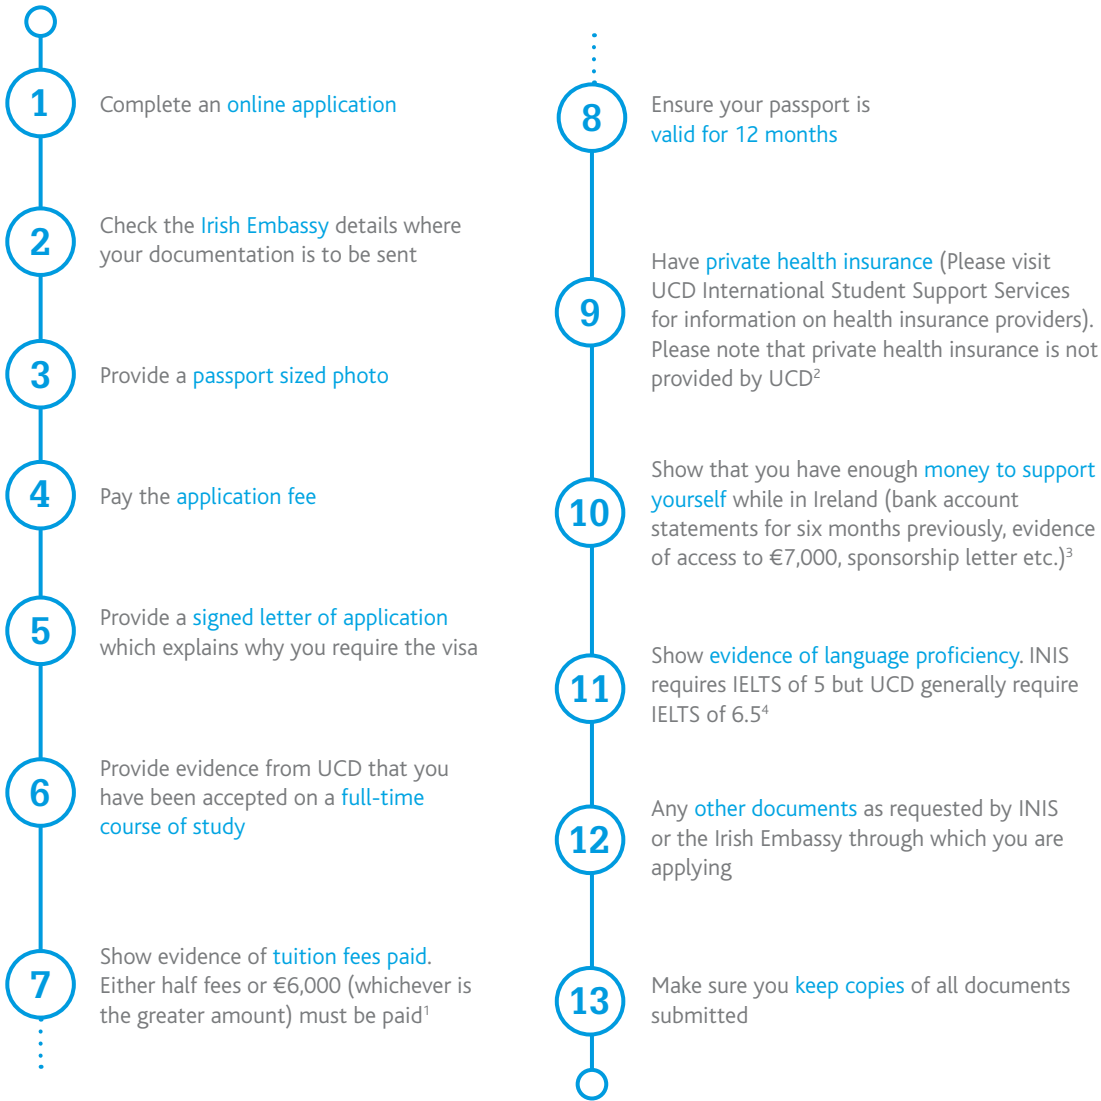

You should read the visa application details very carefully. If you do not provide the documentation required, your visa will be refused.

Some points for you to note

# When making a visa application you must:

1. Please see the [www.ucd.ie/registry/adminservices/fees/payment\\_of\\_fees.htm](http://www.ucd.ie/registry/adminservices/fees/payment_of_fees.htm) for details on tuition payments and note Pay to Study payment facility.

2. A basic medical expenses insurance policy, which satisfies the GNIB, can be purchased on-line for €120 from the ODon website.

3. A new pilot project by INIS allows you to lodge an amount of €7,000 to an 'education bond'. See INIS website for further details.

4. INIS are currently not accepting TOEFL English language tests taken after 17 April, 2015 for the purposes of student visa applications.

## Health insurance

Non-EU students must obtain private health insurance. You can purchase insurance in your home country, however you will need to ensure that it is valid in Ireland and in any other countries you plan to travel to. There are different levels of private health insurance available. Students are advised to read their policy documents carefully. The GNIB require that, if you have health insurance from your own country it must cover you up to €25,000 for in-hospital treatment.

Basic medical expenses insurance is available for approximately €120 from ODON Insurance Brokers. This insurance policy will satisfy the visa requirement for private health insurance and can be obtained before students arrive in Ireland. For more information on this insurance please visit the ODON website at: <http://www.odon.ie/ucd.aspx>

## Checking on your visa status

- ✓ You should apply as early as possible for your visa as it can take **eight weeks for it to be processed** but in busy periods may take longer than this.
- ✓ You can **check on-line** at Visa Decisions to see if your visa has been processed (using your Visa Application Number). This list is updated weekly.
- ✓ If you get approval for a visa, the Embassy to which you sent your documents will **affix a visa to your passport**.
- ✓ You can contact our **International Student Adviser Carl Lusby** if you are experiencing delays in receiving a decision. You will need to give her your visa application number, your country of origin and the course you are accepted to.
- ✓ If you are refused a visa **you may appeal the decision within 2 months**. However, as this would affect your date of arrival in UCD, you would need to seek advice on final acceptable arrival date from the course director/administrator.

# Why Ireland?

# Why Dublin?

Dublin is one of Europe's oldest cities and has a long history of **academic excellence**

# Dublin is a great place to be a student and here is why!

A vibrant and multi-cultural city, Dublin brings together the best of traditional Ireland as well as modern Europe and is currently home to the European Headquarters for many multinational organisations. The cultivating place of James Joyce, Beckett, Shaw, Yeats, the Chieftains, U2, Riverdance and more artists and writers than you could count. It's the capital city of the country with the youngest and finest educated population in Europe.

Few capital cities combine learning, enterprise and culture in such a small area. While renowned for its pubs, cafes and nightlife, you are never far from the sea or the green rolling hills of the countryside.
