

BLACKBOARD

On successful completion of registration for a course students will automatically receive a blackboard account, but it may take a few days before your courses are actually assigned on the central registration system.

Blackboard is the UCD e-learning environment which provides access to your notes and lecture slides. You can access Blackboard through the '**My courses**' tab in UCD connect. Alternatively, you may also access it via <http://elearning.ucd.ie/>.

Please note that upon registration at UCD, each student is assigned to a UCD Connect email account. In order to log to UCD connect you will need your User ID and Password. Your User ID is your student number and your password is your date of birth in the format DDMMYY

Your blackboard User ID will be the same one as your UCD login ID.

Blackboard is organized into folders. Coordinators may add materials for each week of the course.

In order to check the content of the module on Blackboard please click on one of the 4 modules you are assigned to from the course list menu.
