ADVICE and GUIDANCE

Career Development Advisers will help with:

- Career decisions
- Module choice
- Graduate Study and graduate training
- Labour market information
- Opportunity Awareness

www.ucd.ie/careers

To the Students of UCD

A warm welcome from the Career Development Centre as we celebrate ten years of delivering Careers Fairs at UCD.

In recent days we have read that the economic recovery of Ireland has stalled, making Greece and Ireland the only two countries in the EU to experience negative economic growth in the last quarter. There can be no doubt that graduates face difficult times in sourcing and securing graduate level career opportunities BUT it is the case that many employers are recruiting and some are taking large numbers of graduates often from a diverse range of academic subject areas.

Our message to UCD's students is to be proactive- ask questions at our Fairs, resist the temptation to simply collect recruitment brochures. Use tools such as Career Report (www.gradireland.com) to identify careers which may suit you and be creative in how you go about job searching. Networking, responding to advertised vacancies and accessing the hidden job market all have a part to play in effective job search.

The Career Development Centre has a small team of advisers and administrative staff who will help you to:

- Make effective career decisions
- Develop your employability skills
- Access jobs and make effective job applications
- Be successful at interview by developing your interview techniques
- Prepare for graduate study and/or time out.

Whatever it is you intend doing when you complete your studies at UCD, we want to help you develop and implement your plan. Members of staff at the Career Development Centre wish you well and look forward to meeting you at the Fair and at our newly refurbished Centre which is situated on the ground floor of the main Library Building.

Best Wishes

Dr David Foster

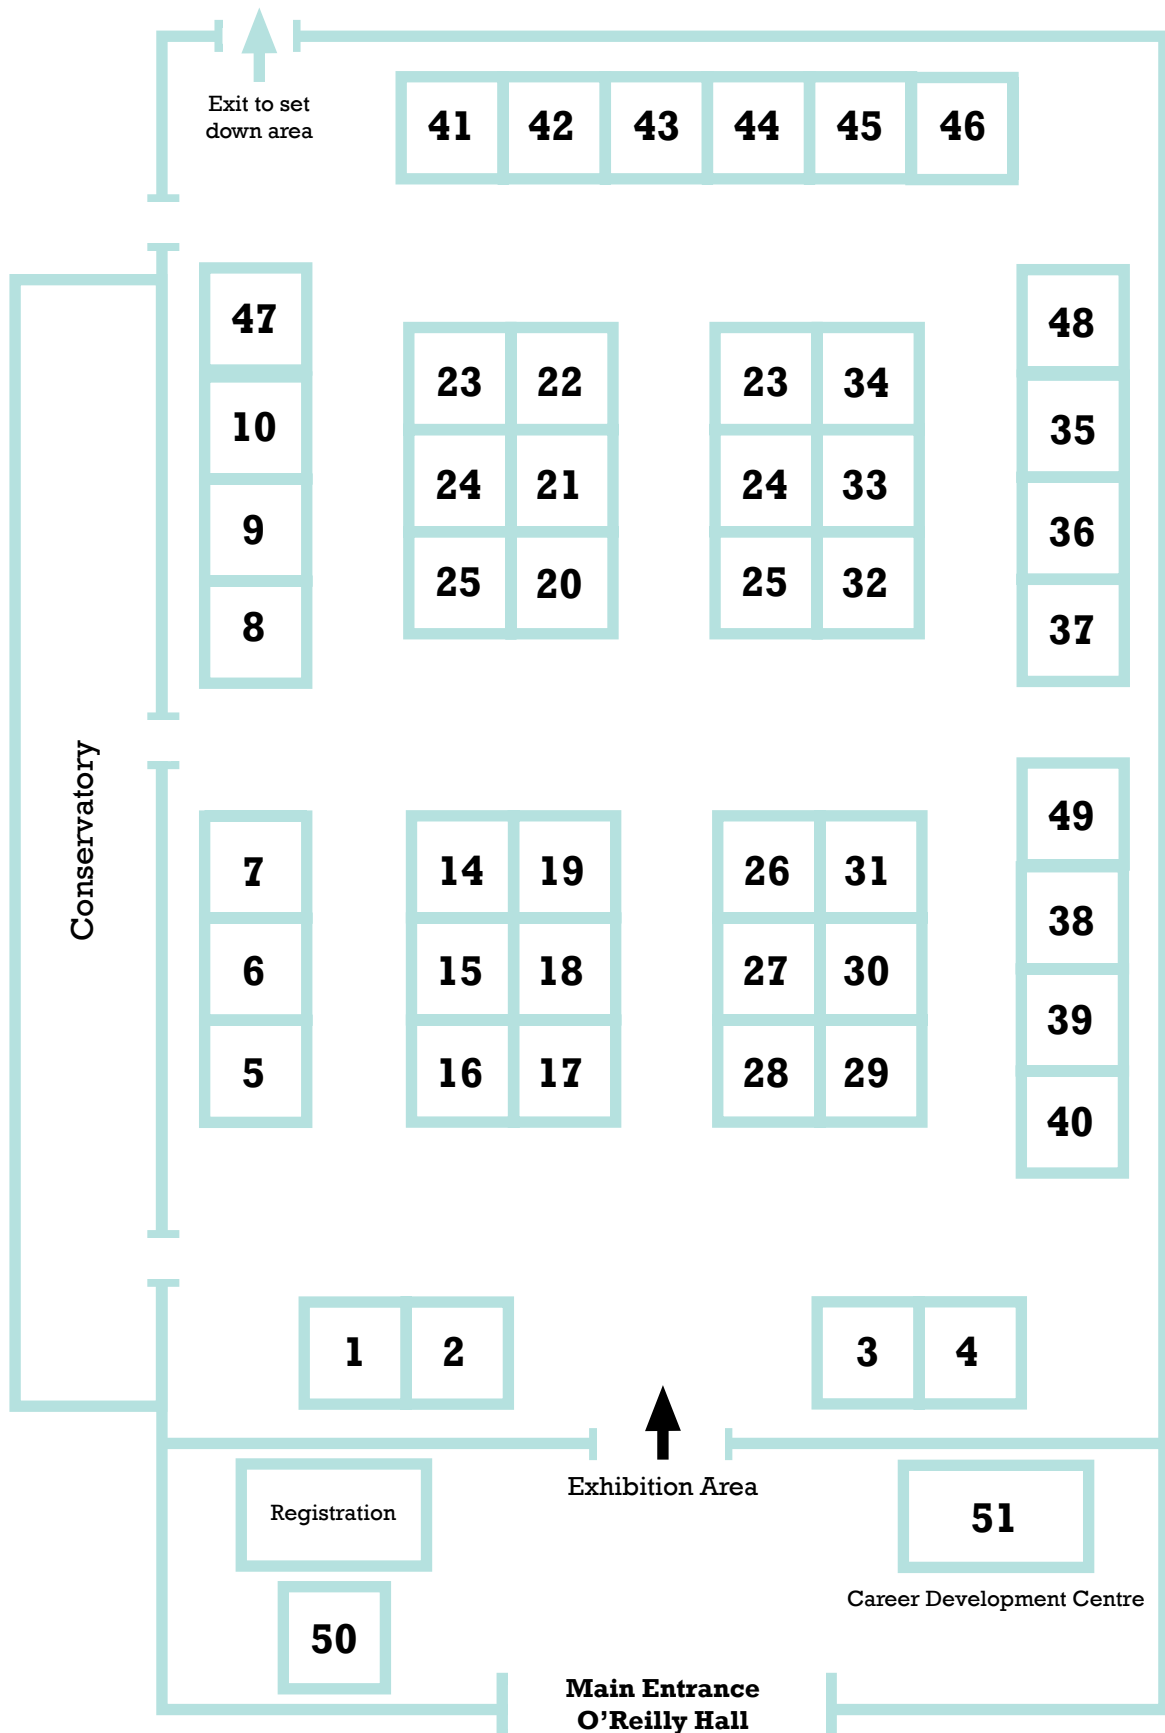

Director - UCD Career Development Centre

11 EOP Programme

The EOP encompasses all industry sectors and is open to graduates of all disciplines. Graduates are placed in positions worldwide and the majority of placements have a strong export sales and marketing focus. Most placements are of twelve months duration with usually at least a minimum of six months working on behalf of their sponsor company in the foreign market. In many cases, the EOP candidate will remain with the company after their placement.

The EOP is one of the only graduate programmes to offer internationally recognised accreditation at level nine on the HETAC scale. This means that candidates who wish to participate in the accreditation process can combine their placement with academic study, leading to a MSc in International Business Development.

Apply: On-Line Applications will open Wednesday 5th January for Approx 6 weeks

Website: www.ibec.ie/eop

The IBEC GRADLINK program enables graduates from any degree background to do an internship with a wide range of companies located all across Ireland. The program gives graduates a chance to get valuable work experience, establish valuable contacts in their field of work and possibly secure a full time role in the company where they do their internship. Eligible graduates can also retain their social welfare benefits for the duration of the program. Internships can last for up to 9 months. Further information on the program and current internship opportunities can be viewed on www.ibec.ie/gradlink

Apply: Graduates apply directly to the companies advertising internships on the Gradlink site.

Website: www.ibec.ie/gradlink

We have opportunities for graduates to join our Assurance, Tax and Advisory practices. Your precise degree discipline certainly isn't an issue; we offer a breadth of career opportunity where you can build on the skills and experience you've gained at university. We expect a minimum 2.1 degree, but just as important is evidence of your commitment to teamwork, your creativity, your sense of responsibility and your commercial awareness. We're looking for high calibre, talented graduates with the thirst and enthusiasm to build a successful career in business.

Apply: Application is by on-line application only. Applications can be found on our website at www.pwc.com/ie/graduate
Closing date for applications is Wednesday 20 October 2010.

Smith & Williamson

42 Smith & Williamson Freaney is one of Ireland's leading firms of chartered accountants and business advisors. Since its foundation in 1958, SWF has acquired a wealth of experience in the creation of effective business solutions for clients across all sectors. We are recruiting for our graduate programme commencing in Autumn 2011. Applicants should have a minimum of 2h1 in any discipline. SWF provide technical training and a level of hands on experience which benefits graduates in their education for their professional qualification. We offer direct access to partners and managers within the firm and have a dedicated in house training manager who will provide support throughout the period of the training programme.

49 William Fry Tax Advisors

brings together tax lawyers, accountants and consultants in one highly innovative team. We provide a broad range of specialised tax services to domestic and international corporations, entrepreneurs, family businesses, trusts and high net worth individuals.

We work closely with colleagues in other practice areas and industry sectors, forming multi-disciplinary teams to design and implement creative tax solutions, with particular experience in financial services, retail, technology, communications, construction, leisure & entertainment, personal and trust services.

William Fry is the Irish member firm of the TAXAND global independent network of leading tax advisory firms represented in nearly 50 countries worldwide with over 2,000 tax professionals. The Firm has been Awarded "European Indirect Tax Firm of the Year 2010" (as part of TAXAND) and "Irish Tax Firm of the Year 2009" at the International Tax Review European Tax Awards.

William Fry hires a significant number of both legal and tax trainees every year and all receive comprehensive training and hands-on experience. In addition tax trainees will sit the ITI tax examinations during their Traineeship. In choosing to enter the William Fry Trainee Programme, you are investing significantly in a promising career. Our goal is to reward that investment with a trainee experience that is second to none – because your success is vital to the future of our business.

Students who will graduate no later than summer 2010. We consider candidates from all academic disciplines who have an excellent academic record and a strong desire to become a leading tax specialist.

Apply: Applications should be made using the Firm's online application form, available on our website from September. Applications should be submitted no later than Monday 1 November 2010.
