# Laboratory Submission Form

Vet Name: \_\_\_\_\_

Practice Name: \_\_\_\_\_

Date sample taken: \_\_\_\_\_

Owner Name: \_\_\_\_\_

Animal Name: \_\_\_\_\_

Species: \_\_\_\_\_

Breed: \_\_\_\_\_

Sex: Male  Female  Neutered: Y  N

Date of Birth: \_\_\_\_\_

### Lab section required

- |   |  |
|---|--|
| <input type="checkbox"/> Clinical Pathology | <input type="checkbox"/> Endocrinology             |
| <input type="checkbox"/> Microbiology       | <input type="checkbox"/> Parasitology              |
| <input type="checkbox"/> Virology           | <input type="checkbox"/> Pathology (separate form) |

### Patient History/Relevant medical info:

#### Sample Type

##### Blood

- Citrate       Serum  
 EDTA  
 Fluoride oxalate  
 Heparin

##### Urine

- Catheter  
 Cystocentesis  
 Free catch  
 Other \_\_\_\_\_

##### Fluid

- Abdominal  
 CSF  
 Pleural  
 Other \_\_\_\_\_

##### Other

- Faecal  
 FNA  
 Hair pluck  
 Scrape  
 Smear  
 Swab  
 Swab (type) \_\_\_\_\_

#### Haematology

- Complete blood count (CBC)  
 APTT  
 OSPTT  
 Fibrinogen  
 Slide agglutination test  
 Other \_\_\_\_\_

#### Biochemistry

- Bile acids  
 Bile acid stim test  
 Creatinine and Urea  
 Electrolytes  
 Lipids  
 Pancreatic enzymes

#### Health Panels (catalogue page 8-10)

- Comprehensive       GI-Pancreas  
 Health screen       Kidney panel  
 Liver panel       Bovine Health  
 Bovine Mineral       Bovine Mineral/Trace  
 Other \_\_\_\_\_

#### Urine

- Urinalysis  
 Urine protein:creatinine  
 Urolith analysis  
 Other \_\_\_\_\_

#### Fluid/ FNA analysis

- Routine analysis  
 Cytology  
 Other \_\_\_\_\_

#### Other \_\_\_\_\_

- Digoxin       TLI       cPLI  
 Fructosamine       Folate       Blood type  
 Phenobarbitone       Cobalamin

#### Endocrinology

- T4       cTSH       ACTH Stim test       Low Dose Dex Suppression       Progesterone  
 Thyroid Panel

#### Microbiology/Mycology

- Routine culture  
 Mycology  
 Microscopy  
 Antimicrobial susceptibility  
 Other \_\_\_\_\_

#### Parasitology

- Angiodetect  
 Cryptosporidium stain  
 Egg count only  
 Faecal exam (routine)  
 Giardia antigen (SNAP)  
 Lungworm (Mod Baermann)

- Parasite Identification  
 Skin ectoparasites (KOH)  
 *Toxoplasma gondii* IgG  
 Liver/rumen fluke only  
 *Neospora caninum*  
 Other \_\_\_\_\_

#### Virology

- FIV/ FeLV  
 FIP serology  
 Parvo SNAP  
 Other \_\_\_\_\_
