Self Assessment of Portfolio work for Spanish Language Students –Level 1 Charo Hernandez

The language portfolio for Spanish Level 1 is designed as a tool to foster autonomous learning. The tasks to be completed integrate language skills in various ways.

Tarea 4: Evaluación final

You can answer these questions in English.

We are not evaluating your Spanish competence but your reflection skills in relation to your autonomous learning.

- 4.1 Which task did you find the easiest and why?
- 4.2 Which task was the most interesting? (Give reasons)
- 4.3 Which task did you find most difficult and why? Please elaborate on your answer.
- 4.4 Do you think that the difficulties might have to do with the language skills involved (i.e. reading, listening, etc.)?
- 4.5 Have these tasks helped you to identify your strengths and weaknesses in learning Spanish?
- 4.6 What tools or resources have proved useful in completing the tasks you have tackled, and in improving your linguistic competence in these areas?
- 4.7 If applicable, how does this semester's portfolio compare to last semester's?
- 4.8 How do you think this portfolio can be improved to help you learning in an autonomous manner?
