

# Finding & Managing Hunter-Gatherer Archaeological Sites in Mountain Landscapes

## VIRTUAL WORKSHOP

Friday Nov 25<sup>th</sup> 2022. 1pm-5pm UTC

This virtual workshop focuses on comparative approaches to locating and managing hunter-gatherer archaeological sites in the mountains.

Case studies from the Austrian, Italian and Swiss Alps, India and Scotland will be presented followed by a round table discussion to highlight key issues and compare experiences.

This workshop is part of  
**Looking Up: the future of early prehistoric heritage in Europe's mountains**  
(IRC COALESCE/2021/78)
