Virtual Archaeological Research Day 2021-2022

Friday, 10th December, 10.00am-3.00pm

As the Covid-19 pandemic continues, this year has seen some UCD School of Archaeology researchers successfully re-emerge into fieldwork and lab work, whilst others working under continued restrictions have consolidated and explored other aspects of their research. In this research day we will hear about recent developments in some ongoing projects in Europe and Asia, and introduce new research the School is carrying out in heritage and prehistoric and historic archaeology.

The talks are mixed in scope: 20 minute talks given by academic staff, including post-doctoral researchers, and short, 10-minute talks by some of our PhD researchers on their projects.

All are welcome to join us for this free online event.

Please register in advance at:

helen.lewis@ucd.ie

After registering, you will receive a confirmation email with information about joining the meeting on  zoom.

Come and join us for our

Virtual Christmas Archaeology Research Day!

Virtual Archaeological Research Day 2021-22
Friday, 10th December, 10.00am-3.00pm

Session 1

10.00–10.05am Helen Lewis
Opening Remarks

10.05–10.25am Dimitra Michael & Barry Molloy
Identifying geographical and temporal differentiations in Late Bronze Age Greece: a comparative bioarchaeological approach

10.25–10.45am Vana Orfanou & Barry Molloy
Cutting edge metallurgy: blade technology in the Late Bronze Age Carpathian Basin (The Fall of 1200 BC)

10.45–10.55am Marta Estanqueiro (Short talk)
Blame it on the weather? The possible influence of climate change in Serbian Banat LBA settlements
