## INTRODUCTION

The papers of the Burke family of Castlegar, County Galway, were deposited in UCD Archives by Colonel Dan Bryan in September 1975. The collection principally comprises correspondence, reports and newspaper cuttings, and originates from the war of independence and, primarily, the civil war period. All the correspondence (except items 10-11, 14) was written or received by members of the Burke family-Father Tom Burke, Margaret Burke and Catherine (Burke) O'Donovan. Although generally relating to the eight years between 1916 and 1924, the collection is not very complete and was probably assembled by Catherine Burke O'Donovan who is the principal recipient of the letters.

The early correspondence and reports (1-11) relate to the organisation of the Irish Volunteer movement in the Galway area. Father Tom Burke was its chaplain. The Irish Volunteers, a splinter group of a larger Volunteer movement founded in 1913 (the main body was the National Volunteers), had taken part in the 1916 Rising and had grown in strength in the years immediately following the Rising. The Irish Volunteers were the unofficial army of Sinn Féin, which developed as a political party during this period. In August 1919, the title of the Volunteers was changed to Irish Republican Army, the members of which took an oath to the Republic and to Dáil Éireann. Among the letters received by Burke are two from Michael Collins (7-8).

The later correspondence dates mainly from 1923 to 1924 and consists of letters written by Margaret Burke and Thomas Derrig during their respective periods of imprisonment by the Irish Free State government. Following the signing of the Anglo-Irish Treaty in December 1921, a split developed in both the Sinn Féin party and the I.R.A. The civil war followed during which many of those who opposed the Treaty were imprisoned by the Free State government and subsequently went on hunger strike in protest.

Margaret Burke was a member of Cumann na mBan, the woman's division of the Volunteers, and played an active role in the war of independence. Like the majority of Cumann na mBan members, she opposed the Treaty and was imprisoned by the Free State government. She does not appear to have taken part in any hunger strikes. All her letters (15-22) are written from Kilmainham jail and North Dublin Union internment camp during the spring and summer of 1923 and have relatively few references to national events of the period. Although she refers frequently to letters, received, these are not included in the collection.

Tomas Derrig (1897-1956), Westport, County Mayo, was a member of the Irish Volunteers since their inception and organised a Volunteer corps at University College Galway. He was arrested by the British authorities in 1918 and given a twelve month jail sentence in Belfast, where he went on hunger strike. In 1919 he became commander of the I.R.A. West Mayo brigade. He was arrested and released in 1921 and was elected a T.D. in the same year. He opposed the Treaty and became adjutant-general of the western division of the anti-Treaty I.R.A. After playing a major part in the civil war, he was arrested by the Free State government in April 1923. In an abortive attempt to escape he was shot in one eye which he lost. While in jail he went on hunger strike but eventually abandoned it.

He was later to be a founder member of the Fianna Fáil party in 1926 and held ministerial posts (Education, Posts and Telegraphs, Lands) under various Fianna Fáil governments. All his letters in the collection are personal ones, written from jail in 1923 and 1924 to Catherine Burke O'Donovan, they refer to prison conditions and the national events of the times, but are not illustrative of his whole career.

The newspapers in the collection are all, with one exception (37), anti-Treaty publications and deal mainly with prisoners' hunger strikes.

Because of the variety of sources all relating to the same general issues, the collection has been arranged mainly according to document type.
