On Thursday 9th of October 2025 UCD School of Chemistry held the 28th Wheeler Lecture. We are honoured that [Professor Polly Arnold](#) agreed to deliver the 28th lecture in this series which began in 1964.

Polly signs 'The Wall'

Polly gives her fascinating talk

Earlier in the day, the School EDI Committee invited Polly to a fireside chat following the screening of her film, *A Chemical Imbalance*. Polly, along with Evan Spotte-Smith and Aoibheann Smyth, reflected on the representation of women, gender inclusion and diversity in chemistry and science generally. The session was chaired by Serena Cussen, Joint Chair of EDI. A full account of Polly's visit is available on the School [website](#).
