

University College Dublin

Summer 2023 International Study Abroad Programme

30 July to 12 August

Experience university life at University
College Dublin's Belfield Campus

Programme Aims

This programme is designed mainly for Engineering, Science & Business undergraduates wishing to explore & experience aspects of student life related to their field of study in a leading international English-medium university. The three main pillars are 'Innovation and Enterprise', 'Design Thinking for Life' and 'Discover Ireland & Europe'.

Learning outcomes

Specifically, ISA will enable you to

- Actively engage in structured Innovation Workshops fostering collaborative, creative & entrepreneurial thinking
- Get networked with peers to share ideas about how life and study combine
- Engage with academics, employers and leaders from different disciplinary fields
- Discover Ireland's distinct cultural heritage & its global role in a changing Europe
- Access UCD Belfield Campus student facilities & meet key staff

Mode of delivery

- Engage in activity- and enquiry-based learning in an international & collaborative setting
- Work in small groups with break-out interaction opportunities
- Achieve course outcomes [project presentation + portfolio] drawing on support of our experienced course tutors
- Manage available time to visit Ireland & Dublin's key landmarks

On exiting the programme

- You will
- present in English a short project prepared with your peers
 - complete a short English learning portfolio based on your targets
 - receive a certificate of participation & performance from UCD

Self-catering campus apartments

Glenomena Residence has apartments with six study bedrooms and a common area with a kitchen and sitting room. Each student has a study ensuite bedroom. Apartments are Wi-Fi enabled. The apartments are in the centre of the campus, close to your teaching and learning spaces. Restaurants, convenience stores and coffee shops are available on campus at reasonable rates.

Feedback from previous programmes

'The Innovation part is very good because it changes the way to think about things'

'Dublin city is full of life, the people are very kind and it is easy to make friends'

'Meeting professors from my major and asking questions was very valuable'

Programme Cost

Tuition for 2-weeks €850
