The communicative approach to teaching is used in all courses run by Gaeltacht UCD. There is a strong emphasis on group work and the learner is given every opportunity to play an active role in the class. The courses cover skills in reading and writing but the main emphasis is on oral communication and comprehension.

There is no need to buy a textbook for Gaeltacht UCD's courses. Your tutor will distribute all the materials you will need.

What can I do if I'm not free to attend the course?

Gaeltacht UCD offers Irish language courses each trimester, if you cannot attend in trimester 1 you can start in trimester 2, alternatively, you may like to join our 1-week immersion course Tionól Gaeilge UCD, a summer school which is aimed at learners in Ireland and abroad who are interested in the Irish language and in Irish culture. It will also suit students, both in Ireland and abroad, who are studying Irish or Irish studies as a subject as classes are offered at 5 levels.

Language Course Levels

BEGINNER (A1)

This level is aimed at students who have no knowledge of the Irish language or who know only a few words and phrases. The class will not be suitable for anyone who has studied Irish at second level in Ireland. This level is ideal for international students who may have no prior experience of the language.

ELEMENTARY (A2)

This level is intended for students who have an elementary knowledge of the language from previous study or those who already attended a number of courses at beginner 1. Instruction will begin with a revision of key basic elements of the language.

LOWER INTERMEDIATE (B1)

This level is aimed at students who have studied Irish to leaving cert level, perhaps at ordinary level, who understand a great deal of the language but have had a few opportunities to use it in recent years. It is also suitable for those who attended 'Elementary' during the past academic year. Some basic language will be taught initially but the class will then progress at a faster pace than either of the lower level classes.

UPPER INTERMEDIATE (B2)

This level is aimed at students who are reasonably fluent in Irish and who use it socially from time to time. It is ideal for those who may have taken Irish as a higher -level subject in the Irish leaving certificate. Participants will have the opportunity to extend their vocabulary and to learn more about Irish grammar. The range of topics covered will be more extensive than those covered in the lower intermediate class.

ADVANCED (C1)

A course designed for those who have taken a number of courses at upper intermediate level and who wish to focus on grammar and advanced fluency (this level is offered subject to demand).

Teach na Gaeilge UCD – FAQs

How long does the scholarship last and is it possible to to apply for it again?

The scholarship is for one academic year. Students can enter the competition again in subsequent years. Scholars are required to be actively engaged in the promotion of the language and those interviewed for a 2nd year must prove their engagement in year 1.

What are the advantages of the scholarship?

Scholars live together in UCD's mini-Gaeltacht (through the medium of Irish 24/7). They make friends with Irish speaking students from a range of faculties thus ensuring they can continue to use the language in their lives socially at University and beyond. As language ambassadors they may also have the opportunity to engage with students of other minority languages and/or of other cultures. All Gaeltacht UCD scholars are supported by orientation, training, an accredited module and a mentoring scheme which gives them access to a network of Irish speakers from various professions (2000-2020 alumni). Scholars actively promote the language by drawing on their own unique talents ,thus gaining experience in teamwork, and event management. The Gaeltacht UCD scholarship has a financial value of €1,500 in total, this is linked directly to residency in Teach na Gaeilge and paid in monthly instalments over 7 months. The scholarship is listed on each scholar's academic transcript.
