STAY CYBER SAFE! ON BLACK FRIDAY!

STAY SAFE ONLINE SHOPPING TIPS:

1.

If it looks too good to be true! ...It probably is!

Before you shop online make sure all your devices are free from malware by running the most current software.

2.

3.

Be choosy about public Wi-Fi connections especially when logging into email and bank accounts. Adjust the security settings on your device to limit who can access your phone.

Never trust links in emails. Go directly to the website. Stick to well known websites.

4.

5.

Remember never use your UCD email or UCD passwords for non-UCD activities.

When making online payments look for the lock icon and HTTPS// in the URL before using your credit card online.

6.

7.

Use online secure payment and verification systems such as 'PayPal' and 'Verified by Visa'. Never use your debit card.
