

Undergraduate Medicine

PROGRAMME DETAIL 2025/26

		Autumn Trimester				Spring Trimester				Summer													
		Sept	Oct	Nov	Dec	Jan	Feb	Mar	Apr	May	Jun												
Stage 1	Core	CHEM10130	Applied Intro.& Phys Chem	5	Core	CHEM10080	Inorganic Chemistry	5	55 Programme Credits														
		MDCS10310	Patients, Doctors & Healthcare	5		CHEM10090	Organic Chemistry	5															
		PATH10020	Basic Principles of Cell Biology	5		MDSA10210	Science, Medicine and Society	5															
		PHYC10120	Physics in Medicine	5		PATH10200	Medical Genetics	5															
		RDGY10090	Healthcare Imaging and Information Systems	5		PHYC10130	Physics II Medical Science	5															
		ZOOL10010	Medical Zoology	5																			
												5 Elective Credits											
Stage 2	Core	ANAT20030	Basic Tissues & Early Develop	5	Core	MDSA20170	Vascular Biology	5	50 Programme Credits														
		ANAT20080	Musculoskeletal Biology	5		MDSA20180	Cardiac Biology	5															
		GPRS20010	Introduction to General Practice & Professionalism UEM	5		MDSA20190	Renal Biology	5															
		MDSA20210	Molecules in Medicine 2	5		MDSA20200	Respiratory Biology	5															
		PHYS20100	Cell-Cell Signalling	5		PHPS20010	Introduction to Epidemiology, Biostatistics & Public Health	5															
											10 Elective Credits												
Stage 3	Core	ANAT20040	Neurosciences	5	Core	MDSA30090	Understanding Disability for Healthcare Students	5	50 Programme Credits														
		ANAT20060	Locomotor Biology	5		MEMI30040	Principles of Infection	5															
		MDSA20010	Gastrointestinal Tract and Liver Biology	5		PATH30060	Genetics, Perinatal and Paediatric Diseases	5															
		MDSA20030	Endocrine Biology	5		PATH30190	Oncology & Immunopathology	5															
		PATH30080	Disease Mechanisms & Pharmacology	5		PHAR30110	Cardiovascular & Renal Diseases	5															
											10 Elective Credits												
Stage 4	Core	MDSA30050	Respiratory Disease	5	Core	MEDN30000	Therapeutics	10	55 Programme Credits														
		PATH30030	Haematology/Immunosuppression	5		MDSA30300	Clinical Skills	10															
		PATH30040	GI/Hepatobiliary Diseases	5		MDSA40060	Otolaryngology/Ophthalmology	5															
		PHAR30060	Central Nervous Systems Diseases	5		MDSA30310	Adv GP & Professionalism UEM	5															
		PHAR30070	Endocrine Diseases	5																			
											5 Elective Credits												
Stage 5 _{Y1}	Core	MEDN40090	Medicine I	10	SURG40080	Surgery A	10	FLME40130	Forensic & Legal Medicine	5	MEDN40100	Medicine II	10	SURG40080	Surgery B	10	PSYC40150	Psychiatry	10	PAED40120	Paediatrics	10	65 Programme Credits
		SURG40080	Surgery A	10	MEDN40090	Medicine I	10	SURG40080	Surgery B	10	MEDN40090	Medicine II	10	MDSA40140	Medicine in the Community	10	OBGY40110	Obstetrics & Gynaecology	10				
		2 of 4																					
Stage 5 _{Y2}	Core	PAED40120	Paediatrics	10	PSYC40150	Psychiatry	10	PHPS30020	Public Health Medicine	5	Core	MDSA40160	Medicine Elective	10	Professional Completion:		20	55 Programme Credits					
		OBGY40110	Obstetrics & Gynaecology	10	MDSA40140	Medicine in the Community	10																
		Remaining 2 of 4
