Welcome to the School of Nursing Midwifery and Health Systems Clinical Skills Laboratories

University College Dublin
An Coláiste Ollscoile, Baile Átha Cliath

SNMHS Skills Labs

The SNMHS Clinical Skills Laboratories facilitate interactive teaching and learning for Nursing and Midwifery clinical skills. Here students can practice their clinical knowledge and skills in a safe environment, towards gaining competency in nursing and midwifery practice.

There are 6 clinical skills laboratories with a wide catalogue of low-high fidelity nursing manikins and simulators available to assist in the delivery of skills in all strands of nursing, midwifery and healthcare systems. Managed by the Clinical Skills Lab Managers.

It is essential to attend scheduled labs as per your student timetable and adhere to the lab code of behavior.

SNMHS Skills Labs

Two **MANDATORY PRACTICE PLACEMENT REQUIREMENTS** facilitated here in the SNMHS skills labs are:

Both appear under NMHS10480 on your timetable

Basic Life Support (BLS HCP) Certification and Patient moving and handling Certification

BLS Certification has 2 components

PART 1: Online Heart Code theory

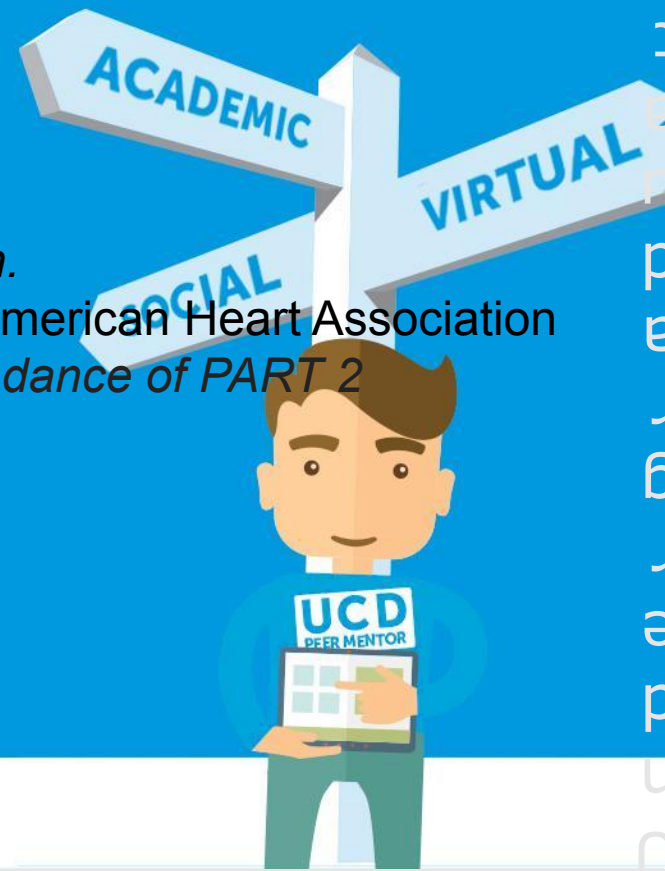

PART 2: Practical on campus skills training session.

BLS Certification from the Irish Heart Foundation/American Heart Association certificate requires completion of *PART 1 and attendance of PART 2*

Patient moving and handling has 2 components

PART 1 Online webinar

PART 2 Practical on campus skills training session

University College Dublin
An Coláiste Ollscoile, Baile Átha Cliath

BLS PART 1 Online Theory

4

You will be sent an e-mail link to your new student UCD Connect account and/or your personal email account from First Aid For Life the external training provider to allow you to enroll for the online Heart Code Theory through the Learning Portal. (check your SPAM) You will need a laptop/PC/Tablet or smart phone for the session.

Please activate the link by clicking on it, and then click the “Activate Course” on the page. A pop-up box will appear asking you to sign in or register to activate your license. You must register prior to beginning your course. Please note *Fair Processing Notice to consent*

You do not have to complete the modules in one sitting; But any incomplete or unsaved modules may not be captured. This online theory course takes approx. 6-8 hours to complete. We recommend that you register and access the programme in advance of attending Part 2 on campus skills training to allow for any troubleshooting.

Once all modules and components are completed you will have access to an automatically generated completion certificate to download or print with access to the theory for a period of 2 years

TIP.... Start early and complete in advance to troubleshoot any issues in preparation for practical training....

GOOD LUCK!

University College Dublin

BLS PART 2 Skills training Day

Friday the 20th of October or Friday the 27th of October

Practical BLS skills training is held here on campus in the SNMHS clinical skills labs
Please Check timetable *NMHS 10480 in advance* for your allocated SNMHS lab location date and time slot.

Please bring the digital or printed certificate generated from Part 1 with you. *Failure to do so will mean you may not be permitted to attend the skills session that day.*

Wear comfortable appropriate clothing and footwear.

Arrive at least 10 mins before start time to allow instructors to confirm attendance.

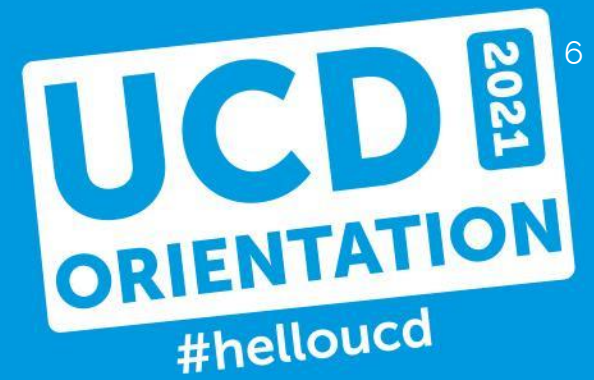

On successful full course completion an IHF/AHA certificate will be awarded to you on the day.

Good Luck!
