Why Rowan?

Global relationship management in order to leverage opportunities for students and staff

Strategic support to develop key partnerships

Management and monitoring to identify organisational risk

Deliver processes to ensure effective governance

Enhanced information, advice, support and guidance

System Benefits of Rowan

A single view of each partner will help UCD to appear more professional to our partners

Integrating data can help identify potential new partners

Global Partnership Database for UCD

Analytics to support strategic decisions

Integrating data will help to focus on people with existing UCD relationships (alumni, staff etc.)

Operational Effectiveness – e.g. automation of processes
