Natural history of bogs

Peatland Land Use Categories

500000

### Water

Quality
Water pollutants
Sediments
Treatment
Floods
Flow & Erosion
RBMP

## **Policy and Law**

Common Agriculture Policy
Climate policy
Habitats/EIA/WF Directives
National Peatland strategy
Peatland Code
Natural Capital
RBAPS &
Community schemes

# 400000 100000

## Management

Drainage
Extraction
Grazing, Fires
Forestry operations
Rewetting
Restoration
Paludiculture

## **Technology**

Remote sensing
Satellite imagery
Internet of things data
Mapping

### **Biodiversity**

Grassland Forestry Cutaway

Cutover

Landscape
Terrestrial and aquatic biota
Protected habitats and species
Genetic and pharmaceutical
resources

### Air

GHG emissions/removals Emission Factors Air quality (health) NH3 pollution
