Module Access Management User Guide

This guide is aimed at staff using Module Access Management (MAM) via InfoHub or the Curriculum Management System.

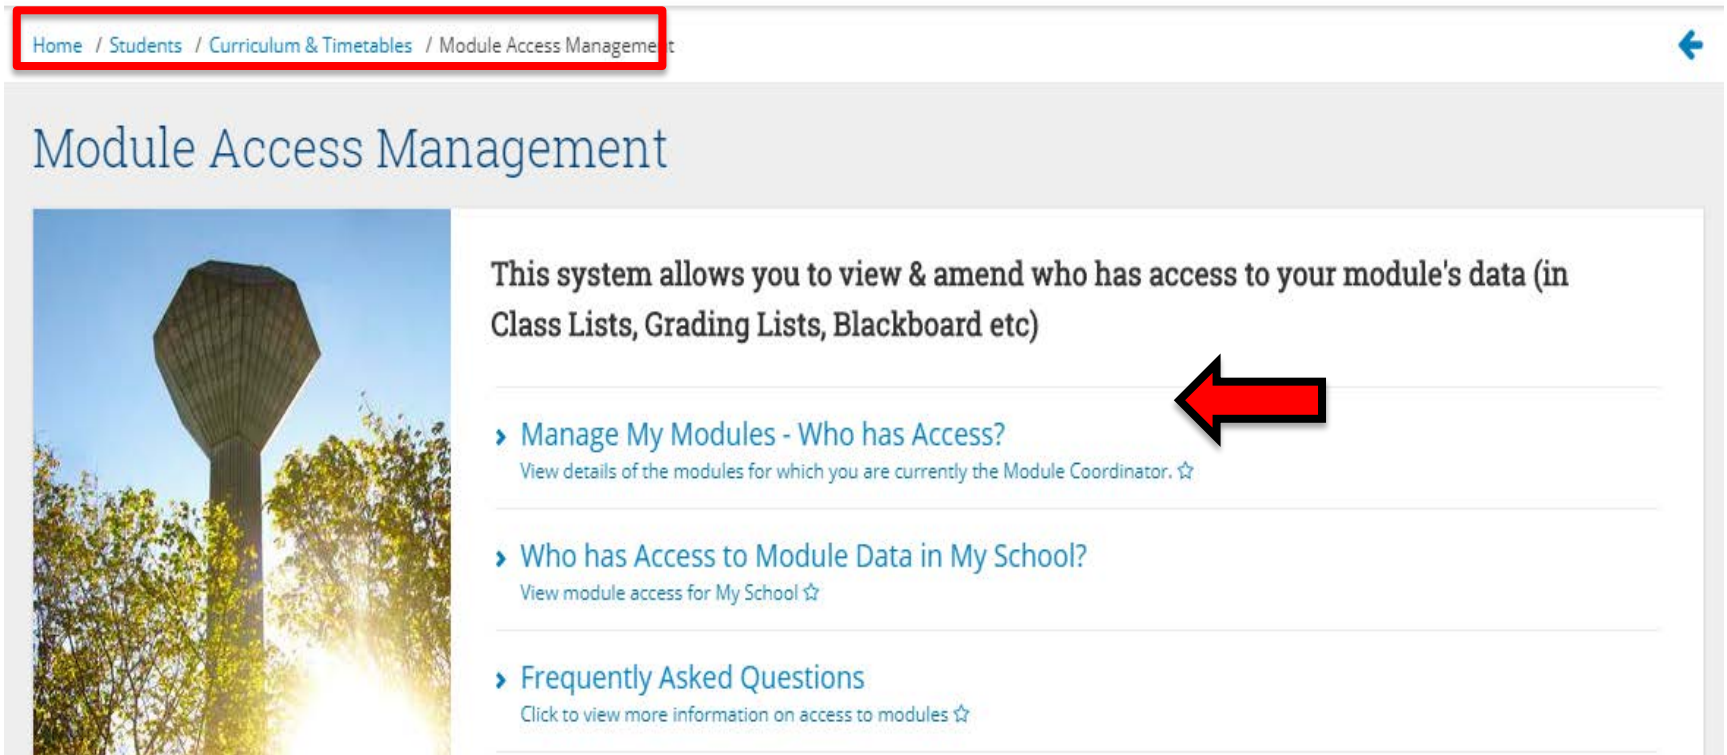

Contents

- Section 1:** How to access Module Access Management 3
- Section 2:** MAM Who has Access? 4
 - MAM – Points to Note 5
- Section 3:** How to Assign a Role to a Colleague 7
- Section 4:** Assigning Roles – Academic Regulations 8
- Section 5:** Description of Roles 9
- Section 6:** FAQ Summary 10
- Section 7:** Useful Links and Contact Details 11

Section 1 How to access Module Access Management

Accessing Module Access Management (MAM)

1. Log into UCD Connect
2. In Connect, click on InfoHub
3. Click on Students
4. Click on Curriculum, Module Capacity & Timetables
5. Select [Module Access Management](#) (Pathway below)

Home / Students / Curriculum & Timetables / Module Access Management

Module Access Management

This system allows you to view & amend who has access to your module's data (in Class Lists, Grading Lists, Blackboard etc)

- › [Manage My Modules - Who has Access?](#)
View details of the modules for which you are currently the Module Coordinator. ☆
- › [Who has Access to Module Data in My School?](#)
View module access for My School ☆
- › [Frequently Asked Questions](#)
Click to view more information on access to modules ☆

Section 2 MAM – Who has access?

Manage My Modules - Who has Access?

Details of all modules for which you are currently the Module Coordinator.

Module Code ↑↓	Module Title ↑↓	Who can access data ?	Click to
CHEM10040	The Molecular World	Michelle Downes Eoghan McGarrigle Deirdre Murphy Francesca Paradisi James Sullivan	View data access details
GER39999	Academic Regs 101	Hayley Burke Michelle Downes Elizabeth Hutton	View data access details
PSY20050	Psychology Labs 1	Michelle Downes Mary Ivers Mary Ivers Aidan Moran	View data access details
PSY30040	Lifespan Dev. Psychology's	Michelle Downes Michelle Downes	View data access details

Click '**View data access details**' to view the advanced option.

Section 2 MAM – Points to note

Who can access data for ANSC55000 - Animals?

ANSC55000 Animals

 [Grant Access to this Module](#)

You can use the link above to give colleagues access to view module data. **Please note, Module Coordinator details will continue to be recorded and maintained through Curriculum Management.**

Use the **Advanced Options** link to assign Tutors directly to CRNs - doing this will ensure that they display against their tutorial groups on Class Lists.

		Advanced Options				
Role	Name	Which Academic Year's data can be viewed?	When can data be viewed?	Which CRNs can be viewed?		
Module Coordinator	David Kissane	2019/20 only	Always	All		
Module Coordinator	Julia Janiszewska	2018/19 only	Always	All		
Assistant Grader	Lizanne Hutton	From 2018/19 onwards	Always	 All	 Advanced Options	 Remove Access

 [Click here for an explanation of the different roles and frequently asked questions.](#)

- **Grant Access to this Module** – Once selected, you can grant access to view your module(s). Enter the name or staff member of your colleague and select 'check name'.
- Provides a list of all **viewable CRNs** associated with this module.
- **Advanced options:** the Module Coordinator can change the role of their assigned colleagues here (Assistant Grader, Module Assistant, Lecturer / Co – Lecturer etc.).
- The Module Coordinator can **remove** a colleagues access from here.
- This link takes you to the **FAQ** page; it outlines the levels of access that each role provides.

Section 3 How to Assign a Role to a Colleague

Select the **Grant Access** to this module button

Select the role you wish to assign your colleague from the dropdown menu (Role).

Hit **'Save'**

Grant Access to ANSC55000 Animals

Search for and select a person to grant access to your module

Name*

Role*

[Click here for an explanation of these roles](#)

Remember: be sure to click **'check name'** after typing in the name of your colleague. Otherwise the colleague's newly assigned role will not be registered on the system. Selecting a colleague by name could generate more than one result (Students, Alumni etc could be generated here) Be sure to select the correct colleague from the dropdown should more than one result appear from your search.

Section 4 Assigning Roles – Academic Regulations

3.14

Each module shall have a named Module Coordinator appointed by, and accountable to, the Head of School or Chair of the Board of Studies to oversee the design, delivery, assessment, and grading of the module on behalf of the School or Board of Studies. The Module Coordinator also acts as the Principal Examiner of that module, a function that may not be delegated.

3.15

Module Coordinators are members of faculty of the University or are approved to act by Academic Council or its relevant committee. Where modules are delivered by someone who is not a member of faculty, a named UCD Module Coordinator will be responsible for assuring the quality of teaching, learning and assessment of that module.

3.17

The module descriptor shall detail:

- the Module Coordinator responsible for the module;
- the identity of staff that teach on the module;

4.17

The School shall ensure that an appropriate process is in place for grading all forms of assessment. The process shall ensure that all faculty involved in the delivery of the module have a significant role in grading.

Section 5 Description of Roles

What information does a Role allow access to?	Module Coordinator *	Module Assistant	Lecturer / Co-Lecturer	Assistant Grader	Tutor	VLE Access Only
	Setup via Curriculum Management	Only the Module Coordinator can assign this role	Only the Module Coordinator can assign this role	Module Coordinators & School Admins can assign this role	Module Coordinators & School Admins can assign this role	Module Coordinators & School Admins can assign this role
VLE	full control (instructor)	full control (instructor)	full control (instructor)	full control (teaching assistant)	full control (teaching assistant)	full control (teaching assistant)
Class Lists (excluding student supports information) **	Y	Y	Y	Y	Y	
Class Lists (including student supports information) **	Y	Y	Y			
Grading Lists **	Y	Y	Y	Y	Y	
Gradebook (basic grade entry only)	Y	Y	Y	Y		
Gradebook (amend final grades & commit to academic history)	Y					
Student Feedback (including ability to view student comments)	Y	Y	Y			
Module Enhancement	Y	Y	Y			
Extenuating Circumstances (module coordinator view)	Y	Y				
* Module Coordinator details will continue to be recorded and maintained through Curriculum Management.						
** School Administrators automatically have access to a School Administrator view of Class Lists, Grading Lists and Extenuating Circumstances. If a Module Coordinator wishes to extend a School Administrator's access, the Module Coordinator should assign the Module Assistant role to the School Administrator.						
For VLE access, what is the difference between an instructor and a teaching assistant?						
A teaching assistant can carry out all of the same functions as an instructor in the VLE but is not visible as a point of contact to the students.						

* Module Coordinator details will continue to be recorded and maintained through Curriculum Management.

** School Administrators automatically have access to a School Administrator view of Class Lists, Grading Lists and Extenuating Circumstances. If a Module Coordinator wishes to extend a School Administrator's access, the Module Coordinator should assign the Module Assistant role to the School Administrator.

Section 6 FAQ Summary

As a Module Coordinator, how can I grant a role to someone?

1) Go to [Manage My Modules - Who has Access?](#) 2) Click **View data access details** across from the module that you are interested in. 3) Click the **Grant Access to this Module** button. 4) Then enter the name of the person that you want to grant access to, select a role and click **Submit**.

As a School Administrator, how can I grant the Assistant Grader, Tutor or VLE Access Only role to someone?

1) Go to [Who has Access to Module Data in My School?](#) 2) Click **View data access details** across from the module that you are interested in. 3) Click the **Grant Access to this Module** button. 4) Then enter the name of the person that you want to grant access to, select either the Assistant Grader or Tutor role and click **Submit**.

How can I ensure that Tutors are displayed against CRNs on Class Lists?

After you have assigned someone with Tutor access, go to **Advanced Options**, then scroll down to view the list of CRNs associated with the module. Check those CRNs with which the tutor is to be associated, and Save. Once this has been completed, the tutor name(s) will appear on the class list reports.

When will a new person's access rights be reflected in the systems (i.e. Gradebook)?

Gradebook - **Within 20 Minutes**

Class Lists - Grading Lists - Student Feedback - Extenuating Circumstances - Module Enhancement - **Within 1 Hour**

VLE - **Within 24 Hours**

Where can I change which Academic Year's data can be viewed?

In the Advanced Options section

Where can I change when data be viewed?

In the Advanced Options section

If I use the Advanced Options to restrict access to specific CRNs for persons, which systems will this affect?

Gradebook

For VLE access, what is the difference between an instructor and a teaching assistant?

A teaching assistant can carry out all of the same functions as an instructor in the VLE but is not visible as a point of contact to the students.
