

Recognition of Prior Learning Learner Flyer

How RPL can support your journey through UCD

Recognition of Prior Learning

Recognition of Prior Learning (RPL) is a process by which your prior learning (PL) is formally valued. It is a means by which prior learning is assessed and recognised by UCD as part of their programmes and/or modules in the National Framework of Qualifications (NFQ). This eliminates the duplication of learning, meaning Learners can potentially complete the programme quicker and at a reduced cost. Further information on RPL activity in UCD can be found in the UCD RPL webpage.

| Types of Prior Learning | Formal Learning which has been acquired through a module or programme on a NFQ and has earned ECTS (European Credit Transfer and Accumulation System). | Non Formal Planned, structured learning not leading to credits on a NFQ e.g.in- house company training. | Informal Knowledge, skill and competence acquired through day-to-day unplanned and unstructured activities, e.g., working, volunteering & caring activities. |
|-----------------------------|--|---|--|
| What can I use RPL for? | Admission PL may be used to apply for admission onto a programme where entry requirements may not be fully met. | Credit/Exemption PL may be used to gain credit or exemption from modules. The Learner must demonstrate UCD Learning Outcomes for the requested module have been met. | Advanced Entry PL may be used to gain admission to Stage 2 of a programme. External Transfer would be an example. |
| How can I apply for RPL? | RPL for Admission is through the standard UCD application process see <u>UCD</u> applications for further information. | RPL for Credit/Exemption is through the online tool see RPL for C/E. Note some Colleges/Schools use an alternative application form – these are identified in the link above. | RPL for Advanced Entry is through the standard UCD application process see <u>UCD applications</u> for further information. |
| What Next? | earch your options in UCD – link to <u>UCD</u> <u>Course Catalogue</u> . Review module descriptors and Learning outcomes <u>UCD Learning</u> <u>Outcomes</u> . | Gather your <u>supporting</u> documentation and submit your application. | Liaise with the relevant College/School/ Programme point of contact re assessment and outcome of your application. |
