

# UCD Research Support Units

The links below provide information on the Institutional support units that are available in UCD to assist with the implementation and management of the grant. Your proposal should include details of the relevant support units and how they will be able to assist with the management of your research project.

- [Research & Innovation](#) – set up a specific Research Account for your award
- [Finance Office](#) – financial administration
- [Human Resources](#) – employment of research staff, assistance with obtaining visas
- [Research Finance Office](#) – preparation of Cost Statements and management of audits
- [Research Ethics Office](#) – ethical approval
- [NovaUCD](#) – intellectual property protection and exploitation
- [Research IT Services](#) – IT resources and support
- [CSTAR](#) – provision of statistical support
- [Legal](#) – legal support
- [Library](#) – bibliometrics support, data management support
- [Clinical Research Centre](#) - infrastructure to support and advance high quality clinical trials.
