UCD Residences – Residents returning from abroad Restricting Movements Smart Sheet

Please note countries must be listed on the EU traffic light framework on the day of your return to UCD Residences, click here for more information on Irish Government Website All students will be able to Restricted Movements in their current apartment once the guidelines highlighted (Increased Hygiene, Safety precautions) are followed.

As per current HSE guidelines the only current acceptable COVID-19 testing technology is Polymerase Chain Reaction (PCR), click here for more information.

I am returning to UCD Residences in January 2021 from a:

EU Green List Country

I can return to my apartment and do not need to restrict my movements and do not require a COVID-19 Test. EU Orange List Country

I have received a negative COVID-19 test result 3 days before my departure and can produce my test result if required.

OR

I have returned to UCD
Residences and completed a
COVID-19 (PCR) Test 5 days
after my arrival date and I can
produce my test result upon
request.

I can return to my apartment and do not need to restrict my movements or can stop restricting in the case of a 5 day post arrival test. EU Grey List Country EU Red List Country

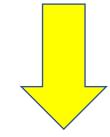

I have returned to UCD
Residences and completed
a COVID-19 (PCR) Test 5
days after my arrival date
and I can produce my test
result upon request.

I can stop restricting my movements once I receive a negative test result. EU Orange, Grey or Red list Country

I have <u>not</u> taken a COVID-19 test either prior AND/OR post arrival in Ireland.

I can return to my apartment and I will restrict my movements for 14 days A country outside the EU/EAA

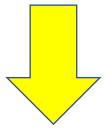

I have returned to
UCD Residences and
completed a COVID19 (PCR) Test 5 days
after my arrival date
and I can produce my
test result upon
request.

A country outside the EU/EAA

I have <u>not</u> taken a COVID-19 test post arrival to Ireland.

I can return to my apartment and I will restrict my movements for 14 days

I can stop restricting my movements once I receive a negative test

result.
