Room Assignment Preferences

You have secured a place in UCD Residences. Please answer the questions below to allow us to assign you to an appropriate room before you arrive. If you cannot provide the information now, you can return to this screen at a later time to do so.

Under Irish Government Covid-19 regulations, anyone entering the country may have to self-isolate for 14 days at a nominated location. To facilitate this, UCD will allow incoming international students to check-in early on or after 20 August 2020 at no extra charge. Providing an accurate date of arrival is particularly important to allow us to smoothly manage this requirement for you and your fellow residents so please enter this information after you have confirmed your travel arrangements.

We will assign a room to you within a few days after you provide the information requested below. You will then receive an email with this information and details of what to do before travelling and on arrival at UCD.

1) What is your preference for bathroom facilities?

We will assign you to a room based on your preference, subject to availability

Private ensuite bathroom
 Shared apartment bathroom(s)
 No preference

Our apartments have either (a) a private en-suite bathroom in each bedroom or (b) one or two bathrooms within the apartment shared with other apartment residents. Charges for apartments with the latter arrangement are generally lower. see www.ucd.ie/residences for details.

2) When do you expect to arrive in Ireland and check in at UCD Residences?

You may pick a date on or after Thursday, 20 August 2020. Please finalise your travel arrangements first.

See [UCD Residences Website](#) for more information.
