

German Teaching Arrangements 2020-21 - Autumn Trimester

German module information for incoming and continuing students

In the Autumn trimester 2020 our modules are being delivered in a variety of formats: sometimes you will have a choice of either a face-to-face class on campus or an online class, while other times the class will be online only. Online classes will usually be held at the time-tabled hours in the virtual classroom, but some lecture-style classes will be pre-recorded. Students who are unable to attend campus for reasons of health or other COVID-related circumstances and are thus unable to attend the face-to-face class they have registered to, may attend the online option when available. If not available, these students will be facilitated, and all the relevant material will naturally be available online.

The best way to understand how and when your modules will be delivered is to check out the descriptors, which provide detailed information. Click on your programme link below and then go to the button marked **'View all Modules'**:
