

UCD REGISTRY CLÁRLANN UCD

Registration to Labs, Tutorials and Practicals for Autumn Trimester is now complete

Dear Student,

Please note that the process to register you to your labs, practicals and tutorials for the Autumn Trimester is now complete.

What you need to do

Check your timetable to see when and where your practicals/labs/tutorials will take place.

Please note

In some cases, we may not have been able to register you to a practical/lab/tutorial time due to issues with your timetable. In this case, you will need to do the following:

- Check the Labs/Tutorials page(s) to see if you have any labs, practicals and tutorials that you need to select a time for yourself.
- If the Core/Option lab, practical or tutorial time you need to take clashes with an Elective that you are already registered to, you will need to change your Elective registration. Your Core/Option labs, practicals and tutorials take priority over Elective modules.

Who to contact

Agriculture, Food Science and Human Nutrition students:

If you have any queries, please contact the [Agriculture and Food Science Office](#).

Science students:

If you have any queries in relation to labs, practicals or tutorials, please contact the relevant [School Office](#).
For general registration or programme queries, please contact your [College Office](#).

All other students:

If you have any queries in relation to labs, practicals or tutorials, please contact the relevant [School Office](#).

Kind regards,

Caroline Barrett
