

Autumn Trimester 20/21 Results Release

Dear :FORENAME,

Final results for Autumn Trimester 2020/21 will be released on **Friday 29 January 2021** through your [Student SISWeb](#).

How to access results?

You will receive an email during the day containing a secure personalised link which will bring you directly to your results page. This is the only way in which you will be able to access your results on the day. Further information on [how your results will be released](#) as well as information on [understanding your grades](#) can be found on the [Current Students web page](#).

Changes to Autumn Trimester 20/21 Results Release Schedule

In 2018, UCD commenced a review of the Grade Approval Process (GAP) as it was acknowledged that the process was extremely slow with students receiving their final results 4-5 weeks into the following trimester. In addition, the release of formal module provisional results was no longer required under the revised [Academic Regulations](#) that require component provisional grades to be released throughout the trimester.

Under the new Grade Approvals Process the following will be delivered:

- Earlier release of results
- Efficient process with less iteration and duplication of effort
- Early identification and resolution of errors and anomalies

The new Grade Approvals Process has been developed to support students, and the same level of rigour and quality assurance processes will be applied to the review and validation of your grades.

The new process will have no impact on appeals. For further information on appeals and timeline for submission, please visit the [Assessment Appeals website](#).

Where can I go for support?

If you feel you are struggling with your course work there are a number of resources available to you. Information on the [extenuating circumstances process](#) and [late submission of coursework](#) can be found on the Current Student website. [Student Advisers](#) are also available to provide support for any student encountering difficulties.

If you have applied for extenuating circumstances in the Autumn Trimester, the grade decision may still be pending at time of final grades release but will be dealt with as quickly as possible. Please do not be concerned by this.

If you cannot access your results, you may owe outstanding fees, or have a hold on your account, please contact the [Student Desk](#) for guidance on removing any assessment results hold.

Kind regards,

Karen McHugh
