3	Brightspace was very confusing even with introductory videos, especially on how to submit assignments and find information on what's due. It took a while to figure out which was quite stressful the first few weeks.	11/6/2021 11:11 AM
4	Lots of the orientation info was in different places. All the info on societies was on instagram, which most people only knew if you were following the account, the sports weren't advertised until the week the sports expo was on and then all the module info was either on the school website or in sisweb. As a first year who wasn't familiar with using a lot of the software like sisweb and didn't know how info was relayed to students, I think it would be really beneficial to centralize everything. I think this might have been the idea of the website, but personally I didn't find the website hugely beneficial other than the videos. That is one thing that was extremely helpful actually were all the videos, particularly the ones about student life and the more course specific ones on how to pick your modules etc.	11/5/2021 8:58 PM
5	There were technical issues that caused some webinars to be cancelled.	11/5/2021 5:28 PM
6	Campus tour was quite amateur impossible to get any meaningful info from it	11/5/2021 3:37 PM

7	Most of this stuff is good for vague general information, but not for specifics. For example, I know where the library is, and how to look up what books are in the library, but was never told how exactly to take a book out, or how to return books.	11/5/2021 11:24 AM
8	Peer mentor was not very enthusiastic and did not attend welcome ceremony with our group. Very approachable otherwise	11/5/2021 11:10 AM
9	No	11/5/2021 11:04 AM
10	None	11/5/2021 10:25 AM
11	There were practically no freshers week events, most stuff happened the week that the sports expo was open.	11/5/2021 9:53 AM
12	I found it difficult to keep up with brightspace notifications and understand how it works for the first few weeks	10/28/2021 5:38 PM
13	There should be more opportunities to interact in Bcomm orientation activities	10/27/2021 8:45 AM
14	The programme orientation should have been divided up as it was an exhausting day.	10/26/2021 7:52 PM
15	no	10/25/2021 7:22 PM
16	The Online Orientation timetable was very, very confusing. Also, whilst I understand that with the presence of COVID-19 there might be a lot of confusion behind schedules, I would have appreciated schedules being given out earlier.	10/25/2021 5:31 PM
17	peer mentor did not follow up so ended up calling but to no avail as they were few things one would like to find out as a new student but am all good now	10/25/2021 4:06 PM
18	More society events on the UCD events Calendar weekly	10/24/2021 10:56 PM
19	Enjoyed it.	10/24/2021 2:09 PM
20	I really like the idea of the peer mentor programme, I only gave that score because my peer mentor wasn't as engaged as they possibly should have been?	10/24/2021 12:51 PM
21	I didn't hear anything other than an introductory email from my Peer Mentor, therefore missed out on a tour which would have been really useful at the start of term.	10/22/2021 10:57 PM
22	All was good	10/22/2021 9:39 PM
23	1. Make sure student mentors actually want to help and aren't just doing it for brownie points. 2. UCD student desk never got back to me when I had queries.	10/22/2021 7:25 PM
24	The links on the New Students website don't work (at least not on Safari on iPhone or Mac)	10/22/2021 5:02 PM
25	My peer mentor never contacted me so I didn't get to complete any activities such as a campus tour and getting to know other people in my group. It made the whole starting at UCD process 10 times more difficult. No one checked either to see if the peer mentors had organised anything.	10/22/2021 3:30 PM
26	A bit confusing at the start and maybe try to send information earlier.	10/22/2021 3:15 PM
27	Reading week was unclear (for a 1st would be good to know!) Also, a better explanation of how to read the timetable (ie, the numbers to find the room mean something, the first number indicates the floor level) Library resources still a bit confusing, would be good to have an interactive test/quiz that walks you through it better; I've done one Library Quiz, but it was quite challenging even after watching the videos, there's just a lot of information to process in one sitting.	10/22/2021 3:09 PM
28	I did not attend welcome ceremony - I wasn't aware that this was on	10/22/2021 2:34 PM
29	Ensuring that every student got a peer mentor & heard from said peer mentor (I never heard from mine).	10/22/2021 1:25 PM
30	Peer mentor never reached out until third week, was offered no campus tour, given no introduction Brightspace. I essentially came into my first lecture blind and had to rely on other students to show me around	10/22/2021 1:18 PM
31	Peer mentors should be advised not to become peer mentors if they do not intend to actually do it.	10/22/2021 12:54 PM
32	The provided orientation timetable was incorrect.	10/22/2021 12:21 PM
33	The UCD orientation tour was good but often it was hard to hear what the guide was saying as we were walking.	10/22/2021 12:19 PM

34	more fun social events in person needed. and less boring events that would have more people go. UCC does good events have a look	10/22/2021 12:00 PM
35	more social orientation	10/22/2021 11:21 AM
36	Email the timetables out sooner. It was frustration only knowing about things a few days before they began.	10/22/2021 11:19 AM

40	The day we had a load of webinars we only got a 15 to 20 min break it was a long day maybe put in a lunch break!	10/22/2021 10:44 AM
41	scarf ceremony is very boring and would be better if students knew it was happening in advance and its length	10/22/2021 10:40 AM
42	We should be given an introduction to using brightspace and how to properly reference	10/22/2021 10:35 AM

3	Explanation on how to connect to UCD wired network was confusing as the video did not correspond with the registration when I attempted it. Apart from that, the rest went really smoothly.	11/6/2021 11:11 AM
4	The questions on the inclusive survey for UCD were way too intrusive and asked for information that you did not need to know and SHOULD NOT be asking of students	11/5/2021 11:11 AM
5	Create a "how to" video for different features of UCD Library website	11/5/2021 11:10 AM
6	None	11/5/2021 10:25 AM
7	The active bystander portion had some sort of glitch where although I had watched all parts, it kept saying that I was missing 2 sections of it. This was the same for my classmates as well.	10/28/2021 6:54 AM
8	The active bystander programme, I thought was extremely excellent. I think it will teach students so much and I believe it has contributed to the sense of respect for me, as a woman, I feel while around campus. I think I would feel safe to go to a night out with UCD students.	10/24/2021 10:56 PM
9	The whole thing was very long.	10/24/2021 12:51 PM
10	Found this module v helpful but a tour or map of library in the library section would be super	10/22/2021 10:07 PM

18	I found it really informative but a lot of people were put off by how long it was and didn't use the module even though it was really beneficial	10/22/2021 12:19 PM
19	Took much longer than the suggested time	10/22/2021 12:10 PM
20	more policing needed outside james joyce library once it's dark. A lot of very bad encounters occurring aswell as a man trying to steal girls handbags	10/22/2021 12:00 PM

308	I'm not sure. It's a lot of information at once but it's all useful and informative and it's an exciting new start. I liked the activities and events around campus (though it was a pity we couldn't do more to keep things covid compliant) I think it gave a good first taster of the vibe on campus outside of class.	10/22/2021 11:49 AM

#	RESPONSES	DATE
1	more events planned for first years to meet their course	11/8/2021 11:39 AM
2	More social events for courses	11/8/2021 11:08 AM
3	More activities for freshers that allows them to make new friends	11/8/2021 9:23 AM
4	Better directions outside of the building. Lots of people got lost.	11/7/2021 11:01 PM
5	change for peer mentor	11/7/2021 10:29 PM
6	Being a foreign student and staying on campus the Orientation Week was a bit boring as there weren't that many things to do. I would have loved for the sports and societies to have already started, that way I could keep myself busy meeting new people and joining fun activities!	11/7/2021 9:35 PM
7	More activities to meet people	11/7/2021 8:33 PM
8	I think there could be more events such as pub crawls, scavenger hunts etc. organised for incoming first years as a way to really get to know people either from their course or just the year in general	11/7/2021 5:32 PM
9	maybe give each student tour of what lecture rooms they are using and then organize a tour of all campuses for those who want it I was overwhelmed by the size of the campus and got lost a few times on way to lectures!	11/7/2021 5:24 PM
10	More activities for new students at the same time as their UCard collection time	11/7/2021 4:47 PM
11	I found it easy to access the orientation timetables but many others didn't know of their existence. The accessibility of these timetables could be made easier	11/7/2021 1:00 PM
12	better online timetable	11/7/2021 4:04 AM
13	i wasn't sure what minors i could take with my joint humanities majors	11/6/2021 6:12 PM
14	Centralise orientation events so information isn't scattered for students	11/6/2021 4:47 PM
15	I felt very intimidated by how large the campus was and the fact that I would be starting classes three days after the orientation. Maybe if it was on a bit earlier it mightn't have be as stressful.	11/6/2021 2:05 PM
16	Better explanation of Brightspace.	11/6/2021 11:11 AM
17	everything to do with accommodation, overpriced garbage	11/6/2021 12:50 AM
18	The evnts calander doe not say all the society events an I would like to know whats on.	11/6/2021 12:37 AM
19	Clearer timetables for orientation	11/5/2021 11:29 PM
20	I think a freshers live music event would be cool. I know lots of other universities ran them this year and they looked like a great way to meet people and have fun	11/5/2021 8:58 PM
21	A face to face meeting in which someone would explain to us how to use brightspace, when exams will take place and other organization aspect would have been helpful.	11/5/2021 5:28 PM
22	More organised activities	11/5/2021 5:23 PM
23	Quality of services	11/5/2021 4:19 PM
24	more free stuff	11/5/2021 4:16 PM
25	Properly trained tour guides who know how to address a crowd and impart information clearly and concisely	11/5/2021 3:37 PM
26	More available display and sign up opportunity for societies	11/5/2021 2:45 PM
27	More social events for first years outside the tents	11/5/2021 2:32 PM

28	I think everything was well organised and there is no need for improvement	11/5/2021 2:08 PM
29	more orientation activities	11/5/2021 1:49 PM
30	Getting taught on brightspace	11/5/2021 1:22 PM
31	Try and have everyone in the course altogether so you can meet more people in your course	11/5/2021 1:20 PM
32	Events organised for each course e.g. an engineering night out.	11/5/2021 1:10 PM
33	Include the architecture buildings in the campus tour for architecture students. It's a bit ridiculous that it's not included	11/5/2021 12:47 PM
34	Workshop on how to use brightspace prior to college	11/5/2021 12:40 PM
35	Better communication about events taking place	11/5/2021 12:22 PM
36	My peer mentor never showed up so I didn't have a tour, I later got a different peer mentor who is still great, but it's weird that the tour didn't happen.	11/5/2021 11:51 AM
37	people talking in lectures. Clear guide to exam revision	11/5/2021 11:38 AM
38	Peer Mentor	11/5/2021 11:34 AM
39	more club nights for freshers	11/5/2021 11:32 AM
40	better publication of events and events more put together	11/5/2021 11:31 AM
41	More freshers activities	11/5/2021 11:28 AM
42	for the 1st year peer mentor tour, architecture students should be shown around richview	11/5/2021 11:24 AM
43	Some of my friend's said that their peer mentor didn't communicate with them so better communication could be needed	11/5/2021 11:20 AM
44	More emphasis on navigating brightspace	11/5/2021 11:17 AM
45	Keep incoming students updated I wasn't sure when I was meant to be in during orientation week	11/5/2021 11:11 AM
46	DO NOT ask students for possibly insensitive information regarding their own family just for statistic posters to be put up around campus	11/5/2021 11:11 AM
47	Better organisation for a "course group chat", ensuring everybody is in it and that students can add other students from course, not just the peer mentor!	11/5/2021 11:10 AM
48	Make the society sign ups in person.	11/5/2021 11:04 AM
49	Make it easier to join societies online and more information available about each one	11/5/2021 11:00 AM
50	None	11/5/2021 10:59 AM
51	Nothing	11/5/2021 10:57 AM
52	How it is organized: emails, timetable, time when information is released	11/5/2021 10:57 AM
53	I think it would've been better if freshers week was on the same week as orientation, or if there were more events for students to get involved/meet other students during orientation.	11/5/2021 10:57 AM
54	Freshers week was only societies having meetings. more big events would be better	11/5/2021 10:54 AM
55	For a tour led by a peer mentor, it would be preferable to be led by a student who studies in the same sector as the tour group. E.g., a student that studies some variety of English and film, showing a group around campus.	11/5/2021 10:52 AM
56	more organised sessions with other people in the same course.	11/5/2021 10:26 AM
57	A day in orientation week going through study tips for individuals in STEM. It is important we are helped transition into college life by getting advice on how to begin studying. This has lacked greatly in my specific STEM course and should be offered to students to help them start off the year well by getting advice on how to study.	11/5/2021 10:25 AM
58	More student led orientation activities please	11/5/2021 10:15 AM
59	.	11/5/2021 10:12 AM
60	More activities and better advertising of them	11/5/2021 10:06 AM

61	More events to meet people Not just in September but throughout the year Needs more events eg dcu had a concert	11/5/2021 10:00 AM
62	The timetable for orientation week - i was lost during the whole week, did not know where to look for it in the first place, then did not know what to attend when...	11/5/2021 9:57 AM
63	More larger freshers events (similar to DCU, they had concerts, and large events during the day). The SU spent more time organising events and complaining about government then actually helping students in UCD.	11/5/2021 9:53 AM
64	Nothing	11/5/2021 9:48 AM
65	Easier webpage	11/5/2021 9:45 AM
66	More inclusive events for mature students Events throughout the day, 9am-4pm	11/5/2021 9:45 AM
67	More free stuff 😊	11/5/2021 9:44 AM
68	The efficiency of welcome to ucd ceremony, we had a 20 minute wait in the lecture theatre for it to start	11/5/2021 9:44 AM
69	More activities	11/5/2021 9:41 AM
70	Please improve the students website. Many students were having issues accessing the orientation timetable. Whenever we clicked into, nothing would happen, and we would remain on the homepage	11/5/2021 9:40 AM
71	Group interaction, in order to break the ice so to speak	11/5/2021 9:39 AM
72	Nothing comes to mind	11/5/2021 9:37 AM
73	/	11/2/2021 11:59 AM
74	Peer mentors that are actually trained to help you and more communication in more in advance on orientation activities.	11/2/2021 10:40 AM
75	Information on covid health and general health were made clear from the beginning - yet there was barely a word about mental. In the current world we live in that is unacceptable. More mental health service info @ucd is needed desperately.	10/31/2021 6:12 PM
76	I think the tour should be happening at chosen time as nothing else takes place at the same time. I couldn't attend some lectures because I wanted to see campus as well	10/31/2021 11:26 AM
77	The information provided before the commencement of the term could be clearer. I would also like to see more bonding activities with peers.	10/29/2021 3:12 PM
78	I was satisfied.	10/29/2021 2:47 PM
79	A more clear orientation timetable	10/28/2021 2:34 PM
80	The peer mentor programme is not very clear or monitored very well as some people I know never even met their peer mentor and mine has been almost silent since the initial day we met for orientation so maybe there needs to be more training given to them or perhaps more accountability as I have needed to ask other students for a lot of advice about what to do and where to go etc.	10/28/2021 12:19 PM
81	Sometimes there was a lot of information at once regarding orientation events from different people. It got a bit overwhelming managing everything and checking at what time everything was because it was sent by different people and over several different emails.	10/28/2021 12:03 PM
82	Fewer online aspects, more in-person	10/28/2021 6:54 AM
83	give each person her or his goodie bag because i didn't receive one	10/27/2021 8:22 PM
84	N/A	10/27/2021 3:34 PM
85	Better tour given my peer mentor , more chances to meet people from your course	10/27/2021 1:39 PM
86	There should be more opportunities for people to meet in an environment where no one is left out	10/27/2021 8:45 AM
87	I think the orientation programme was excessively long. It should either be recorded(if it wasn't already) or divided up into a few days.	10/26/2021 7:52 PM
88	make it more known to new students what is happening as I felt a bit lost	10/26/2021 12:49 PM
89	More social events to meet people More sports events	10/26/2021 8:22 AM

90	Put more society events on the events calendar	10/25/2021 7:04 PM
91	Schedules should be affirmed and sent to students earlier because it's really hard to get organised.	10/25/2021 5:31 PM
92	I would say more events during the Orientation Week, but I understand that because of Covid, we weren't able to get the same experience that the years before us have had.	10/25/2021 4:24 PM
93	the way i see it the promise of meeting up with mentor kind of drives away any anxiety, fears when actually gets to talk to someone live so i suggest that they should check how it goes with volunteers.	10/25/2021 4:06 PM
94	It was so hard to find my orientation timetable!	10/25/2021 2:54 PM
95	Brightspace can be a bit overwhelming for new students - it's much more complicated and detailed than applications used for communication and resources in secondary school eg. Google Classroom, Edmodo. I think an in person lecture/seminar going through the Introduction to UCD module at the beginning of the year would be so much more beneficial and would make the app/website less daunting to first years.	10/25/2021 2:36 PM
96	I would make a checklist of things for students to do as emails are easily missed or forgotten.	10/25/2021 1:16 PM
97	an easily accessible timetable to orientation	10/25/2021 12:56 PM
98	More info on IT and plagiarism	10/25/2021 12:23 PM
99	The timetable was a bit confusing at times	10/25/2021 12:11 PM
100	signing up to societies an sports clubs	10/25/2021 11:26 AM
101	In person orientation for incoming engineering students would have been nice, especially since a few of the online events didn't take place.	10/25/2021 12:27 AM
102	Better signalling that the sports freshers were on. Because I didn't know.	10/24/2021 10:56 PM
103	More support for international students settling in and providing a clear overview of where they can go to receive help when in need.	10/24/2021 7:41 PM
104	Peer mentor (didn't reach out to me, never texted) Overall introduction to college formalities! (grading...)	10/24/2021 5:57 PM
105	- have a similar idea as the sports expo for all the different societies -	10/24/2021 5:27 PM
106	I found that my peer mentor for orientation week was a bit quiet during the tour around campus. maybe some sort of microphone or loudspeaker would be useful in that area?	10/24/2021 5:24 PM
107	My peer mentor tour was quite rushed	10/24/2021 5:19 PM
108	More clarity on certain aspects of the orientation timetabling.	10/24/2021 4:32 PM
109	More interactive and activity filled orientation week	10/24/2021 2:09 PM
110	Making the intro to UCD module shorter and more succinct	10/24/2021 12:51 PM
111	-	10/24/2021 12:40 PM
112	- better way to meet people in your course - teambuilding or get to know you kind of thing	10/24/2021 10:58 AM
113	Make a lecture about how to cite and reference part of orientation week as first years have never done this before.	10/24/2021 10:25 AM
114	I've completely forgotten what the "Intro to Academic Integrity" and "Connecting Globally" online modules were	10/24/2021 9:35 AM
115	More time to adjust to starting the academic year. Better scheduling for releasing the timetables etc	10/24/2021 7:19 AM
116	Maybe on the tour you could see where certain buildings are that you have lectures in at the start of the year to make it easier	10/24/2021 5:07 AM
117	More opportunities for support with subjects like physics and chemistry	10/23/2021 11:46 PM
118	tour could be better	10/23/2021 10:29 PM
119	Society stands at the Student Centre as well as Sports stands	10/23/2021 8:28 PM
120	More support for students. I felt very lonely	10/23/2021 7:45 PM

121	more freshers events	10/23/2021 7:43 PM
122	everything was good!	10/23/2021 6:19 PM
123	Societies sign up in person	10/23/2021 5:57 PM
124	Social activities that promote integration among international students and Irish students.	10/23/2021 5:22 PM
125	Being able to trial a club/sport before paying for it.	10/23/2021 4:51 PM
126	Someone takes you in a small group of 5 or 6 to explain everything about the college, how the course works, how to use brightspace, ucd connect, sis web, etc. and how to complete registration and register for modules.	10/23/2021 1:47 PM
127	Maybe showing us where every building we will be going to for our course is like the Daedalus Building.	10/23/2021 1:02 PM
128	The orientation website was a little bit awkward and difficult to find and use. It could do with being easier to use and find	10/23/2021 12:53 PM
129	Clearer instruction for first years coming into ucd on what needs to be done and where available supports are	10/23/2021 12:23 PM
130	None to state.	10/23/2021 12:04 PM
131	The chairs in the tutorial class are very hard to move because they don't have wheels. I think this could be improved.	10/23/2021 11:50 AM
132	In person representation for societies	10/23/2021 10:28 AM
133	N/A	10/23/2021 9:40 AM
134	Well the majority of my events were held online and unfortunately there were technical issues meaning there was ok ne vent which we coxuld actually go to this definitely needs to fixed for next year. Also all my events were held (or meant to be held) in the latter part of the week meaning by the time I found out about things like the sports expo they were closed which has very frustrating	10/23/2021 9:39 AM
135	A few more "mandatory" or all inclusive freshers week events like a show for the whole year or an organised get to know each other event for each course the week before classes started would've been better in my opinion. I ended up not being able to go to a lot of the fresher week events because they were held the same week lectures started and I was too concerned with trying to figure out lectures and navigate campus life. The societies tent was also quite underwhelming in my opinion. It would've been better if it was held the week before lectures started.	10/23/2021 7:57 AM
136	Not much really!!	10/23/2021 12:56 AM
137	Don't make the tours as long	10/23/2021 12:09 AM
138	Ensuring that all Peer Mentors do get in touch with their students or that students know how to get onto a tour with another peer mentor.	10/22/2021 10:57 PM
139	Many of my peers including myself found it hard to know exactly where to access all of the information. The website is so large with so many different layers it's hard to know about everything going on. For instance the New Student website I only found out whilst discussing with my peers.	10/22/2021 10:20 PM
140	Maybe hard this year because of covid and I'm in a big course but I think more introduction and interaction w peers in your own course during orientation would be better :)	10/22/2021 10:07 PM
141	Larger signage giving direction Have orientation event begin ealier	10/22/2021 9:39 PM
142	Welcome ceremony wasn't the best, watching a 10 min video of professors reading some text hidden behind the camera is pretty boring.	10/22/2021 9:31 PM
143	As a student living on campus I would like to see more activities from Reslife after the Orientation week	10/22/2021 8:41 PM
144	Having the tour around the whole of UCD	10/22/2021 8:14 PM
145	Active bystander course	10/22/2021 8:01 PM
146	There really should be organised events for first years, be it sports or workshops. I've social anxiety so joining clubs or societies is quite difficult for me. It probably would've been easier if there had just been an organised first year only week to meet people, even if it was before term began, like in the summer.	10/22/2021 7:25 PM

147	don't really have any suggestions	10/22/2021 7:24 PM
148	Website update and partially redesigned for greater ease of use.	10/22/2021 7:03 PM
149	Our orientation videos didn't work (engineering) so I feel that I missed out on that. Next year hopefully that will be better	10/22/2021 6:31 PM
150	When meeting peer mentors on the tour can you tell them to at least wait 5-10 minutes. I got left behind but was lucky enough to see them as I walked around	10/22/2021 6:13 PM
151	Not very detailed plans were announced	10/22/2021 5:19 PM
152	more activities to do	10/22/2021 5:14 PM
153	honestly, I think they should have better events like a bingo night or something, all the main activities they had was the giant Jenga pieces and the free little goodie bags. I think more hands-on activities would be brilliant... still enjoyed myself tho :))))))	10/22/2021 5:13 PM
154	Improve the events page. Often I would click on an event to know more and then it would disappear, even though the event still occurred. It makes it hard to attend. Also have events so students can meet their neighbours in their buildings.	10/22/2021 5:12 PM
155	the orientation programmes- quite hard to find when you supposed to be in, could be easily missed	10/22/2021 5:04 PM
156	Sort out the room numbers in the science hub.	10/22/2021 4:50 PM
157	Having security closer to student accommodation, they are very present on campus but not near residences	10/22/2021 4:35 PM
158	More detailed maps of bigger building e.g. O'Brien science building as it is extremely complicated to orientate oneself on the first few days	10/22/2021 4:33 PM
159	In my opinion, orientation week met my expectations and was perfect the way it was.	10/22/2021 4:09 PM
160	a longer campus tour	10/22/2021 4:06 PM
161	Clear map/ directions online accessible from timetable	10/22/2021 4:04 PM
162	More events for getting to know classmates	10/22/2021 3:54 PM
163	A bit more support and presence of the tutors and lecturers on the first week	10/22/2021 3:35 PM
164	More library spaces	10/22/2021 3:32 PM
165	Actually list all the events that are on during a given week, instead of just a handful	10/22/2021 3:31 PM
166	Make sure everyone gets into their chosen courses and no one has to be excluded from their courses due to a high demand for that course. Have services available to students. I still don't know if I can make an appointment to see a guidance counsellor or a doctor.	10/22/2021 3:30 PM
167	- send out information earlier	10/22/2021 3:15 PM
168	The registration process is very confusing when you are first coming in. If there could be a video to watch to simplify the process; for example I didn't know that my elective would only be available to take in the second semester, I wasn't sure how many courses should I register for (ie; do I only register for 6 modules for the Autumn and then register for another 6 in the Spring or do I register for all of them straight away) didn't know what a tutorial was vs a practical.	10/22/2021 3:09 PM
169	Using things like brightspace and the registration page are quite confusing when starting off. You end up risking missing important info as it's a bit overwhelming. The emails on brightspace also come in by the bucket load every day - almost spam like, only 1/10 are actually important. Also maybe try and tell 1st years that most of society stuff is on Instagram - otherwise you just have to hope to hear it from word of mouth.	10/22/2021 3:07 PM
170	put people on tours of the same course	10/22/2021 3:03 PM
171	For the most part the library experience is good but it can be tarnished when you go to sit at your pre-booked seat and there is already someone sitting in it even though they didn't book it. Sometimes it puts me off going to the library to study at all because you're left in such an awkward situation to try and confront the person sitting in your seat in front of everyone.	10/22/2021 3:02 PM
172	More information about bright space, registering for modules and credits information. And give this information sooner. Tell people where to access it because if it's just up on some website; how will they know?	10/22/2021 2:57 PM

173	Have the peer mentors know more about where they are taking us/what we need to know	10/22/2021 2:56 PM
174	A tour that is more specific to your course that would show you what rooms you might be using more	10/22/2021 2:53 PM
175	To include the whole campus on more events outside of college as well	10/22/2021 2:51 PM
176	To have more organised activities for specific courses to meet more people	10/22/2021 2:41 PM
177	show the buildings and rooms needed	10/22/2021 2:39 PM
178	More face to face activities.	10/22/2021 2:32 PM
179	Peer mentor tours of campus at a similar time to card collection time	10/22/2021 2:29 PM
180	Coordinate with societies more to have a comprehensive timetable of events	10/22/2021 2:23 PM
181	Extend the functional programming tutorial deadline, 2 hours maximum is ridiculous, this isn't an exam.	10/22/2021 2:10 PM
182	More opportunities to meet others in your course	10/22/2021 2:09 PM
183	Maybe some social activities for the peer mentor groups, we kind of met up and then didn't speak again, it'd be nice to start little social groups that you could bring into the first couple of weeks.	10/22/2021 2:08 PM
184	Give out a map	10/22/2021 2:03 PM
185	It wasn't really clear or easy to understand when some modules are online or not.	10/22/2021 1:50 PM
186	Not much to comment on really.	10/22/2021 1:48 PM
187	It would be nice if the websites and links to all of the information were more intuitive and easy to find.	10/22/2021 1:47 PM
188	More group activities beforehand	10/22/2021 1:45 PM
189	Have more events planned at different times throughout the day and evening.	10/22/2021 1:44 PM
190	May all the events be on the same timetable. Was a bit lost as some of the orientation events are in real life and some are via zoom. Probably are organized by different departments thus is a bit confusing.	10/22/2021 1:39 PM
191	A short pdf on bus etiquette - many people, although not just students have poor behaviour on the bus - not giving up their seat to an old person or pregnant woman, standing and thus blocking the aisle of the bus rather than sitting beside someone & blocking the disabled/buggy area. A brief program about this, while most students will no doubt be indifferent as most are to any sort of school program, it will help our students to stand out from those of other colleges & will no doubt bring good press to the University.	10/22/2021 1:25 PM
192	As much in person Orientation as possible	10/22/2021 1:22 PM
193	Tour Leaders could speak more clearly directly to the people on Tour.	10/22/2021 1:18 PM
194	Many students slipped through the cracks in the first week, myself included. This needs to be rectified.	10/22/2021 1:18 PM
195	More timetabled things where you meet students	10/22/2021 1:17 PM
196	The website was hard to navigate as many of the links didn't work	10/22/2021 1:14 PM
197	The IT module had some questions that behaved a little strangely(specifically the phishing email section) when you go through the examples it will sometimes make you start over. Not particularly a major issue but can cause quite a headache. Also you don't actually have to read any of the content on any of the introductory Brightspace module for it to say that you've read, i.e you can just click through it without paying any attention.	10/22/2021 1:14 PM
198	Had difficulty opening some of the brightness links on safari on Mac, be sure to tell people to use Google chrome app to stop this issue	10/22/2021 12:59 PM
199	Less complication and confusion in the online aspects	10/22/2021 12:58 PM
200	If there could be more events that allow you to meet people on your course. I found the All access day very good. I'd love if there were more days organised in the same way. My peer mentor didn't email me until the day of meeting, and I didn't have enough time to get onto campus to meet and therefore missed the tour.	10/22/2021 12:58 PM
201	Registering for the modules was a bit confusing so I would have like more information on	10/22/2021 12:55 PM

	how to do that	
202	Having second years as peer mentors is a good idea as they're close in age and remember what it was like to be a first year, however they had only had their tour a week before us and therefore that was not as useful as it could have been. I would also recommend sending the orientation information to the students as it was difficult to find the timetable for each course and the timetables were confusing.	10/22/2021 12:55 PM
203	The UCD website is old and not particularly intuitive.	10/22/2021 12:54 PM
204	More exposure of each event	10/22/2021 12:53 PM
205	I found trying to figure out bright space very confusing so if there was a demo of that from other students/staff it would help	10/22/2021 12:53 PM
206	I think that the campus tour could be improved, ours felt a little bit rushed and unplanned.	10/22/2021 12:53 PM
207	Getting to meet up for often with your peer mentor group before lectures start, also postponing class reps for the 2nd week of classes since for bigger courses it takes more time to get to know everyone and organise voting.	10/22/2021 12:53 PM
208	Make it more obvious where events are	10/22/2021 12:53 PM
209	Extending the tour so that we could see the whole of UCD	10/22/2021 12:52 PM
210	Introduction into the different facilities ucd connect offers	10/22/2021 12:50 PM
211	Make sure the intro webinars actually work	10/22/2021 12:50 PM
212	More freshers events	10/22/2021 12:49 PM
213	1. Social events to meet people that aren't society related or course related 2. Tour could include more of an explanation about the naming system of each buildings classes	10/22/2021 12:49 PM
214	I think that there could be more sign posts to navigate the campus, as it is a very large campus. The map given on the leaflet could also be adapted to be more easy to follow. I also think an information leaflet with all the resources that students need could be handed out(e.g if they need forms signed they would know where to go). Some of the societies could also be promoted a bit more, as I found I didn't hear a lot about societies or clubs that were not sports. :)	10/22/2021 12:47 PM
215	I never met my student advisor - could be improved	10/22/2021 12:44 PM
216	The zoom meetings in orientation week	10/22/2021 12:39 PM
217	A short videos guide how to use Brightspace	10/22/2021 12:37 PM
218	More in person events, allowing more notice before events began (I had to switch plans in order to be able to attend my orientation day and it was slightly bothersome)	10/22/2021 12:36 PM
219	Streamlining the acceptance process. Having so many different things to do in so many different places made ensuring i had everything I needed to have done completed before coming to college very stressful	10/22/2021 12:35 PM
220	Bringing all the necessary info together in one place, rather than having to keep track of multiple sources	10/22/2021 12:34 PM
221	I think there should a specific module for the library on Brightspace, it can be difficult to use at first.	10/22/2021 12:32 PM
222	Peer mentors might be more involved ans there could be a greater offering of social events, both course-specific and general	10/22/2021 12:32 PM
223	reducing the amount of time on the introduction ceremony	10/22/2021 12:32 PM
224	More sign posts for all the buildings to make them and their rooms easier to find because it was hard to get around in the first week.	10/22/2021 12:32 PM
225	Explain the non academic activities that are available better as not much information was given . show more places that are to eat at tour only showed main restaurant.	10/22/2021 12:30 PM
226	Briefer and more centralised information	10/22/2021 12:28 PM
227	- an easier guide for students who have never been on campus	10/22/2021 12:27 PM
228	I think the students website needs checking for bugs. Many of us couldn't actually access the orientation timetable on it. I think for those of us who are doing DN200 Science, more clarity is needed about stage 1 and stage 2 module selection. I feel like the 'No Preference'	10/22/2021 12:27 PM

option is a bit of a scam, as we are expected to take the core modules of at least 2 subjects- most of us expected 1st year to be completely free with only the Calculus, Linear Algebra and Scientific Enquiry being the online core modules and from there you can do modules in anything you want- from computer science to biology. A workshop or lecture on how to actually use citations and referencing notation in Word would be helpful.

229	If only richview was closer to the main campus	10/22/2021 12:26 PM
230	Some society events were only advertised through social media so it was harder to keep track of what was going on	10/22/2021 12:25 PM
231	bigger peer mentor groups to make it easier to make friend s before beginning lectures	10/22/2021 12:24 PM
232	A "get to know the whole year group" activity as I still know very few in our year.	10/22/2021 12:23 PM
233	Tour of campus should take time and show close to everywhere	10/22/2021 12:22 PM
234	Be mindful of mature student entry pathways for orientation time tables. Ensure clarity on the programme induction expectations from day 1.	10/22/2021 12:21 PM
235	Wider selection of items in goodie bags	10/22/2021 12:21 PM
236	I know due to covid many events were not possible. However, I believe if the situation allows it next year that maybe more social events can occur with the individuals in the course. As this will allow many people get over the awkward stage of making new friends that occurred for many this year. It would allow a student to easily adapt to their new environment at UCD.	10/22/2021 12:19 PM
237	I think it would be good if there were events/activities where people could get to know people in their courses	10/22/2021 12:19 PM
238	More clarity to what events were happening at certain times, maybe more organized events that were easy to find, a lot of time was spent searching for something to actually do	10/22/2021 12:11 PM
239	Timetables were confusing	10/22/2021 12:10 PM
240	The campus tour didn't touch on anything the Peer Mentor was interested in so no sports or societies mentioned	10/22/2021 12:10 PM
241	I think that it would be really helpful if the college organised some social events for freshers instead of leaving it mostly up to the the societies (I am aware that this year may have been a little different due to covid!). However, initially I found it quite difficult to meet some people in my course as there was no course nights out organised. It is often very difficult for the students to organise a course night when your course consists of 270+ people. I think it would have been helpful if the college or either the school itself made an effort to try and organise some social events during freshers for people to get to know a few! ;)	10/22/2021 12:09 PM
242	More free food/goodies and make registration for societies more clear	10/22/2021 12:07 PM
243	More social events for freshers week!	10/22/2021 12:06 PM
244	Better advertising of what is on when	10/22/2021 12:02 PM
245	more social events and fun nights needed as realistically this is how students bond and socialise now. more security needed all over campus once it's dark as it is not safe at night here	10/22/2021 12:00 PM
246	N/A	10/22/2021 11:59 AM
247	Tour include inside of buildings and more events with heavier focus on socially engaging with other first years	10/22/2021 11:59 AM
248	More social events in smaller groups	10/22/2021 11:59 AM
249	Our peer mentor started the tour early and left without a few of us, so we joined a different tour.	10/22/2021 11:59 AM
250	More events to help get to know other students	10/22/2021 11:57 AM
251	I believe there should be a proper orientation especially for international students like myself. I didn't enjoy that aspect	10/22/2021 11:55 AM
252	more in depth guide for DN200, a lot of students were and are still confused about modules, credits, and what modules they should take.	10/22/2021 11:53 AM
253	I hope the this COVID-19 will be reduced to the barest minimal by next year so that I can hear my Lecturer speaking in the class without Face mask.	10/22/2021 11:52 AM

254	Have all round more inclusive events - not the information or topic of the event, but allowing more people to enter. I know with COVID this is currently not possible, but it would be good for the future.	10/22/2021 11:51 AM
255	I think the only thing I would change would be removing the pandemic from the planet which unfortunately, is not something UCD can do alone. The only other thing I might change would be a bit more text or changing the current text explaining the module registration process. I personally found it a bit confusing but figured it out with the help of a stage 2 student.	10/22/2021 11:49 AM
256	more peer mentor engagements, atleast once a week because at the start of the year everything is confusing andd you dont know who to ask. A peer mentor should be checking to see whats going on and how we are getting and not just at the start of the first week.	10/22/2021 11:48 AM
257	The treasure hunt	10/22/2021 11:47 AM
258	The registration for subjects was absolutely horrendous. The website and the actual subject registration indicated two different tasks for the same thing, i was stressing because it said i didn't have to choose any subject, only lab times for autumn, and it turns out that i can't choose lab times (they became available 1 week later) and also giving me the option to choose subjects for the next terms without even knowing if those choices were permanent. Not only that, but the zoom meetings for orientation did not go through because of technical issues, and the recording only appeared a week later, after the registration was done. I watched and read all of the content that was posted and yet i did not feel prepared at all. Thank you for taking my experience into consideration.	10/22/2021 11:47 AM
259	Since I was with engineering, it would be nice if the online meetings had actually worked. Other than that, brightspace and SISweb weren't ever really explained to us, unless that's what we missed from those orientation meetings, but it would be nice for future entrants, to have some sort of indication of what UCD's student systems are, in terms of assignments and whatnot. I think I ended up knowing how to book a gym timetable slot, before knowing how to find my timetable, which while at least you now know how effective you were at informing us about the gym, I don't think that's the best order in which things should be introduced. In reality, at minimum, an introduction of what brightspace and SISweb are, and what we'll be using then for would be perfect, we can just find out about the rest as we navigate the websites ourselves.	10/22/2021 11:47 AM
260	Tell us about the buildings off campus. I couldn't find the newstead or the social work building	10/22/2021 11:46 AM
261	The orintatation event timetables were confusing and it was difficult to attend anything due to lack of knowledge because of this	10/22/2021 11:45 AM
262	The tour of the library	10/22/2021 11:42 AM
263	another lake	10/22/2021 11:41 AM
264	There was a lot of hype around it, but i didn't see why. There was a lot of hype especially around freshers week but tbh it wasn't amazing	10/22/2021 11:40 AM
265	More specificity	10/22/2021 11:38 AM
266	Teach how to use library properly More activities rather than stands at orientation	10/22/2021 11:37 AM
267	I know because of Covid there was a lot of events that had to take place online. I found it hard to meet people in the first few days if orientation	10/22/2021 11:36 AM
268	more events	10/22/2021 11:35 AM
269	Maybe include societies at the expo	10/22/2021 11:32 AM
270	organise nights out and stuff	10/22/2021 11:27 AM
271	I wasn't made aware of some of the things going on such as the sports expo. Things like that should be mentioned I believe to let students get more involved from the beginning.	10/22/2021 11:27 AM
272	Just getting peer mentors that want to help you and not feel forced to do the job!	10/22/2021 11:26 AM
273	Better campus tours that are more specific to each course	10/22/2021 11:26 AM
274	unsure	10/22/2021 11:22 AM
275	more activities, more social orientation	10/22/2021 11:21 AM
276	-	10/22/2021 11:20 AM

277	Proper campus tour	10/22/2021 11:20 AM
278	More orientation activity.	10/22/2021 11:19 AM
279	I know it's a tradition but I really don't think people want scarves at the ceremony	10/22/2021 11:17 AM
280	Perhaps introducing a service or seminar/webinar that can inform students on how to approach doing college work as it's quite different from secondary school and the transition between the two can be hard.	10/22/2021 11:16 AM
281	Better explanation of citing. Tour of entire campus.	10/22/2021 11:13 AM
282	The New Students website was a bit glitchy.	10/22/2021 11:13 AM
283	nothing	10/22/2021 11:12 AM
284	Do more events with peer mentors	10/22/2021 11:11 AM
285	Would like a more structured timetable and perhaps more events eg live music	10/22/2021 11:11 AM
286	Timetable registration earlier in the orientation	10/22/2021 11:11 AM
287	The orientation timetable for new students was difficult to navigate	10/22/2021 11:09 AM
288	More country-inclusive discussion on student loans/financial aid, maybe talks on scholarship opportunities	10/22/2021 11:09 AM
289	provide students with better maps upon orientation to prevent us getting lost so much!	10/22/2021 11:08 AM
290	Better system to book for club sessions (specifically badminton)	10/22/2021 11:07 AM
291	♂	10/22/2021 11:07 AM
292	Do more in the peer mentor tour to get to know peers better.	10/22/2021 11:05 AM
293	It is very hard to find a classroom.	10/22/2021 11:05 AM
294	the UCD website links should be functional next year, right now most links i would've wanted to use don't work	10/22/2021 11:03 AM
295	(COVID allowing) more activities based around meeting people and making friends.	10/22/2021 11:03 AM
296	I think shorten the online introduction videos and questions	10/22/2021 11:01 AM
297	The tour could be a bit more detailed	10/22/2021 11:00 AM
298	More activities	10/22/2021 10:59 AM
299	I believe the student desk can be improved	10/22/2021 10:58 AM
300	have someone run down the orientation timetable and need to know with us in person	10/22/2021 10:58 AM
301	I think there could have been more events held in person	10/22/2021 10:56 AM
302	More organized lecture notes and readings such as being uploaded on time	10/22/2021 10:56 AM
303	The orientation timetable could be more clear and easier to access	10/22/2021 10:56 AM
304	A definite timetable with starting dates and deadlines for registration, payments, etc. as multiple conflicting emails can be overwhelming and difficult to navigate.	10/22/2021 10:56 AM
305	Have the opening ceremony in O'Reilly Hall	10/22/2021 10:55 AM
306	Cantine services: more microwaves	10/22/2021 10:54 AM
307	More events	10/22/2021 10:53 AM
308	Didn't know anything about the orientation tent or what else was going on	10/22/2021 10:52 AM
309	Make the orientation more interactive. Have more "ice breakers" among students and Peer mentors.	10/22/2021 10:52 AM
310	Perhaps a module like "introduction to ucd" but specifically focusing on the map of the campus	10/22/2021 10:52 AM
311	The peer mentor tour should be showing you buildings you will actually be in for your course.	10/22/2021 10:52 AM
312	I think smoking/vaping is a huge mess in the campus. Even though on the bins it's written that it's a smoke free environment but I don't think it is. No one even stops the students or	10/22/2021 10:52 AM

whosoever from smoking and causes a lot of problems to the people like me who hate smoking. Atleast make a smoking area as it just can't be stopped in the whole campus. So please kindly look into it

313	A bit more clarity on events, especially for incoming first years , perhaps emailing out individual timetables	10/22/2021 10:51 AM
314	The tour could be more comprehensive.	10/22/2021 10:51 AM
315	The pee mentor tour was very short and dissatisfactory	10/22/2021 10:51 AM
316	More in person events	10/22/2021 10:51 AM
317	Better tour of the campus	10/22/2021 10:50 AM
318	The tour was lackluster.	10/22/2021 10:49 AM
319	Advertising events to encourage more people to attend	10/22/2021 10:48 AM
320	The freshers tent was extremely hard to find for me 😞 I don't know if I've just got a bad sense of direction but it just wasn't signed at all even with all the hype on social media you'd think there'd be more signs towards it. Something to think about for next years freshers activities. I missed out on the entire orientation bar the tour because I couldn't find it. Didn't get a goodie bag, the UCD mask (which I really wanted) or even the damn pizza 🍕 so just more signage around freshers week I guess so next year's first years don't miss the experience like I did just because they couldn't find it	10/22/2021 10:48 AM
321	More obvious emails about when and what's happening Easier to read calendar	10/22/2021 10:47 AM
322	More in person meetings with your course before actual lectures start	10/22/2021 10:47 AM
323	More notice about orientation dates and timetables published way ahead of time. Include general campus orientation timetable or link to it in emails.	10/22/2021 10:47 AM
324	The campus tour, we never got to the Agnes McGuire building and it wasn't talked about or on our maps so it was confusing trying to find it on my first day of classes.	10/22/2021 10:47 AM
325	The section for IT in the 'Introduction to UCD' module on BrightSpace	10/22/2021 10:46 AM
326	Thought everything was good	10/22/2021 10:45 AM
327	Have more clear information on individual residences like you'll need induction pans for village as an example	10/22/2021 10:45 AM
328	Perhaps more time could have been spent on the building where we would be for most of our studies on the campus tour	10/22/2021 10:45 AM
329	I don't have any	10/22/2021 10:44 AM
330	Make ucd connect/registration process more accessible. More information on elective modules and tutorials. Dates for each academic week could be useful to have on the academic calendar as well.	10/22/2021 10:44 AM
331	Just maybe a break on the day that there was a lot of online courses be completed	10/22/2021 10:44 AM
332	N/A	10/22/2021 10:43 AM
333	N/a	10/22/2021 10:43 AM
334	I arrived on campus very confused and not knowing what to do. An email or something saying what to expect and what is most important to complete would have been helpful	10/22/2021 10:43 AM
335	No clue	10/22/2021 10:43 AM
336	More fresher events	10/22/2021 10:43 AM
337	A lot of stuff ran out before most people could get some	10/22/2021 10:42 AM
338	Possibly more student events- I know there was cinema and other events but I think maybe next year if Covid restrictions are gone hopefully, you could host some nighttime events	10/22/2021 10:42 AM
339	more events for first years to engage & connect	10/22/2021 10:41 AM
340	Dunno	10/22/2021 10:40 AM
341	Social events for stage ones	10/22/2021 10:40 AM
342	Better events, appropriately tailored services. Free Interlibrary Loans	10/22/2021 10:40 AM

343	More clarity/help in choosing module slots in the timetable	10/22/2021 10:40 AM
344	shorter scarf ceremony	10/22/2021 10:40 AM
345	Peer mentors need a stricter vetting process. They never respond and left out a lot of important locations during the tour.	10/22/2021 10:40 AM
346	The apps for UCD and Library have a tendency to freeze. Though that could be my phone. I do find the library app a little difficult to navigate at times.	10/22/2021 10:40 AM
347	a proper tour and not just the basic 5 buildings, showing us where restaurants and shops are, a social event etc	10/22/2021 10:39 AM
348	Every thing is fantastic	10/22/2021 10:39 AM
349	Nothing	10/22/2021 10:38 AM
350	better and more interactive new students website	10/22/2021 10:38 AM
351	Bigger peer mentor groups Ceremony involving all students	10/22/2021 10:38 AM
352	The range of activities may have been hampered by Covid	10/22/2021 10:36 AM
353	The events for all first years together, with Covid this year I think it messed up our ability to meet as a year group instead of the individual peer mentor groups	10/22/2021 10:36 AM
354	I think it would be ideal to get first year students into the campus earlier to allow them to familiarise themselves with the university. The campus is colossal and on my first day I was extremely overwhelmed and this sorta slowed down the process of settling in. I would also like the faculty to advise next years first years to encourage the students to wander around the campus on their free time	10/22/2021 10:36 AM
355	more seats	10/22/2021 10:35 AM
356	More non academic activities in orientation week	10/22/2021 10:34 AM
357	Have uniform fitting time slots sorted instead of sending an email the day before	10/22/2021 10:34 AM
358	A guide for how zoom works.	10/22/2021 10:33 AM
359	Honestly I think it was perfect. It was a great experience.	10/22/2021 10:32 AM

#	ANY FURTHER COMMENTS OR SUGGESTIONS?	DATE
1	there should be more information about when fees are due	11/6/2021 6:14 PM
2	Website can be unintuitive sometimes	11/6/2021 4:48 PM
3	MASSIVE errors in timetabling	11/5/2021 4:19 PM
4	Website is awful hard navigate. Would prefer to pay up front for accommodation as well.	11/5/2021 1:59 PM
5	Registration was confusing and unreliable. When certain tasks were completed registration said they weren't.	11/5/2021 1:11 PM
6	difficulty understanding module registration, many others whom I've spoken to also had difficulty	11/5/2021 11:32 AM
7	the timetable was a little confusing at first, so maybe some help with that would be good	11/5/2021 11:25 AM
8	Make the calculations for class credits easier to understand for students with learning difficulties	11/5/2021 11:14 AM
9	Some students said that a glitch in the system would tell them that they are not fully registered, even if they have provided all information needed	11/5/2021 10:54 AM
10	It is important to show where to do all these things - as 1st year students, you receive so much information the first week, you know you have to complete the registration but you don't know how and where and many of us just stress about it and do not know where to ask for help or how	11/5/2021 9:59 AM
11	Fees were incorrect for a large period of time and had to be corrected. Selecting modules for a complicated programme such as science was challenging, not all information seemed to be available first hand. I was only lucky that I knew many people in 2nd year that could help me.	11/5/2021 9:55 AM
12	Everything worked perfectly but online registration for modules fills up before you get the chance to select	11/5/2021 9:46 AM
13	When I was confirming my registration, the website kept saying I had not completed my personal info section- even though I had. I tried typing in my personal info again many times, and they still said that not everything was complete. Please fix this.	11/5/2021 9:42 AM
14	There was no guidance about having to select option modules	11/5/2021 9:38 AM
15	the timetable was very hard to read. a suggestion box at the side saying to use google calendars or something would've been helpful	11/2/2021 12:00 PM
16	Timetable with an issue with one of the subjects (Spanish) - it says one room on Brightspace but it is on another room. Another point is that I was always lost to find the buildings, as their names are abbreviated and the Map sometimes stop working because of the unstable wifi.	10/29/2021 2:50 PM
17	The timetables are difficult to read and I wish I had more of a say over certain timeslots for classes as it has negatively affected my ability to work outside of college due to very long days with large gaps in between classes.	10/28/2021 12:21 PM
18	It'd be nice to be able to choose which part of the fees you'd like to pay, rather than just making a payment into the lump sum.	10/28/2021 6:56 AM
19	The ucd registration page is faulty. Although I had completed my timetable and filled in my personal info, it still claimed that my registration was incomplete. The exact same thing happened to my friend last year when they first registered. Any ambiguities or glitches in the website should be remedied to avoid future confusion.	10/26/2021 7:56 PM
20	for students who come late, there should be an opportunity for them to select any module, rather than very few options due to full modules	10/26/2021 8:06 AM
21	not much but would say it was a learning curve for me	10/25/2021 4:08 PM
22	There have been a few problems with my timetable (classes showing up that I should not attend, lecture times wrong etc.), but most issues have been resolved so far.	10/25/2021 2:38 PM
23	Navigating through the online registration was very difficult and confusing for me, I found it hard to see where I was going wrong or right	10/25/2021 1:18 PM
24	It is hard to navigate as I am someone who is not very good with electronics or websites and I often don't know what I am supposed to do unless specifically told	10/25/2021 12:00 PM

25	Maybe let students know that they cannot pay for things around campus by topping up their Ucard	10/24/2021 10:58 PM
26	The time tabling was hard to follow. My peer mentor spoke me through it but I know several people who's peer mentors didnt and they found it very hard	10/24/2021 4:33 PM
27	Not too complex navigations during registration. Update YouTube videos because some registrations may not be done sequentially as per the videos which may be confusing.	10/24/2021 2:13 PM
28	It kept saying I needed to update personal information but everything was there.	10/24/2021 12:53 PM
29	Due to a lack of clarity, I almost choose modules that would have made it impossible to progress to stage 2	10/24/2021 9:36 AM
30	When picking modules i struggled with reading which modules I had to choose and which ones were pre selected as well as my option module which was available to see but not to choose until next trimester. It was really confusing so maybe it that was make a bit more clear especially for stage 1 incoming students who've never done this before	10/24/2021 7:21 AM
31	Maybe make places in modules more available for those coming in after first round?	10/23/2021 3:52 PM
32	There was a technical difficulty where it had said I was not fully registered even though I had, I connected student desk who confirmed my registration	10/23/2021 12:54 PM
33	I haven't been able to pay fees yet because of a delay at Registry updating my status to part-time, which is a bit frustrating.	10/22/2021 10:58 PM
34	For DN200 I found selecting option modules quite confusing	10/22/2021 10:08 PM
35	I did not know when to pick modules, so reminders and simple info on the subject given often on brightspace or email would be good.	10/22/2021 9:42 PM
36	Registration does not make it clear at all if you've sufficient information completed. I had to go rooting through the website to see what fees to pay as on the registration it doesn't tell you how much you need to pay. There should be a "first installment" option showing the exact minimum amount that needs to be paid initially and state that the rest will be payed at a later date. Also the module registration for next semester kept disappearing and reappearing along with lab/ tutorial times. There should be a function stating that you've filled in a sufficient amount of information for registration at this time, because I was unsure of whether I had actually completed registration.	10/22/2021 7:36 PM
37	Be more clear where to pay for accommodation because I accidentally payed the rest of my registration fee (which i was planning to pay in thirds) instead of paying for accomodation	10/22/2021 6:32 PM
38	I really liked being able to create my own timetable, and the option of having Friday's off	10/22/2021 5:02 PM
39	Eventually got the hang of it, but was very confusing navigating through everything at the beginning and the timetable was confusing at first until I got google calender	10/22/2021 4:26 PM
40	It wasn't quite clear at the start that some tutorials would not be on every week.	10/22/2021 3:16 PM
41	Please see previous comments	10/22/2021 3:10 PM
42	Registering to your options very much had to be figured out by yourself. I found it very stressful and that I hadn't enough information on the process or it's implications	10/22/2021 2:59 PM
43	It was impossible to figure out how to pay fees	10/22/2021 2:03 PM
44	For an incoming first year a legend for the timetable would be useful since we don't know what the abbreviations mean, e.g "Hub A - 2.49" made me think there was more than one science hub.	10/22/2021 1:39 PM
45	The location of classes on the timetable is have some sort of code a at the end & it can be a bit confusing. Rooms come up as "Sutherland School of Law L243-SUTH", "Agri/Food Sc Centre G-24-AG" or "Newman Building Th.-L-ART". It would be more user-friendly to change them to "Sutherland School of Law, Room 243", "Agri Sc Centre, G-24" & "Newman Bulding, Theatre L" Respectively.	10/22/2021 1:30 PM
46	Shown how to navigate certain buildings (Science Building)	10/22/2021 1:23 PM
47	After I had completed my registration, sometimes when I opened my SISweb account, it would say my registration was not complete. It definitely was complete, and it would fix itself when I opened up the flagged section and closed it again. It was just concerning for me when It kept saying It was not complete when I was 100% sure It was.	10/22/2021 1:17 PM
48	The personal details section refused to complete because no extension number was given,	10/22/2021 1:16 PM

	yet it still confirmed my registration as complete a few days later.	
49	If there was a video explaining how to correctly register it may have been helpful because I didn't properly complete my registration until I heard from friends that I missed out on certain parts eg registering for all tutorials	10/22/2021 12:54 PM
50	I filled in my personal details but it said I was not finished registration and that I still needed to do that even though it was completed. I was a slight bit worried I had done something wrong.	10/22/2021 12:54 PM
51	Modules filled quickly leaving me disappointed	10/22/2021 12:50 PM
52	If a module is core or without choice the registration could be done fully automatically	10/22/2021 12:50 PM
53	Was a bit difficult to know if I had properly registered for modules as the information given was not clear. Some details filled in did not update very quickly and had to be re-entered multiple times before they were registered.	10/22/2021 12:50 PM
54	Every person should get a specific list of everything they must do in order to be fully prepared and ready for starting their course. Online registration as it's stands is ridiculously confusing and nothing is layes out clearly. We are bombarded with emails about countless things we must do before starting at ucd. It would be so much easier to have it all layed out in one place	10/22/2021 12:40 PM
55	After completing full registration the message "registration isn't fully complete" didn't change to completed, it was worrying and misleading, it would be great if the messages updated accurately	10/22/2021 12:39 PM
56	My registration was complete but I got an email from the UCard saying my registration wasn't complete which was confusing.	10/22/2021 12:35 PM
57	allow timetables on sisweb navigate by week. currently all modules show for all weeks and to much information making it impossible to read.	10/22/2021 12:32 PM
58	For registration, the website kept saying I did not complete registration because I did not put in my personal information. This was not true- I had already submitted all my personal info and resubmitted it several times with no results. This needs to be checked over as there could possibly be a bug causing this.	10/22/2021 12:29 PM
59	Sisweb is not fit for purpose. Address details requiring to be updated are not displayed. The timetable is difficult to read and make sense of.	10/22/2021 12:22 PM
60	I didnt know about free fees	10/22/2021 12:10 PM
61	I've tried to confirm my personal details but it doesn't accept them	10/22/2021 12:08 PM
62	Sisweb sometimes doesn't register the fields that I have filled or acknowledge that I have completed some forms. I still receive the emails and notifications I am supposed to though so I think it works?	10/22/2021 12:01 PM
63	I don't know if it's been fixed yet, but there was a technical issue with registration, where we couldn't put in our term address I believe, and that prevented me at least from actually completing that part of registration. It still hasn't been fixed yet, but I've gotten an email saying that it would be fixed in due time, so yeah, getting that sorted before the beginning of the next college year would be pretty neat	10/22/2021 11:49 AM
64	Module selection UI is very poor, far too cluttered. Conflicting information from module coordinators didn't help.	10/22/2021 11:46 AM

68	I didn't get any email/letter update on my free fee status application (having been charged tuition fees as an Irish citizen who has lived here for 15 consecutive years) - clearer info and communication on this could have prevented confusion and anxiety!	10/22/2021 11:10 AM
69	let me change how my name is spelled so it can actually be correct?	10/22/2021 11:01 AM
70	Sisweb and the UCD connect system is not well laid out and is difficult to use, especially for people who have never used it before. Similarly, Brightspace is not well organised as a platform	10/22/2021 10:56 AM
71	Not being able to view your timetable on a week by week basis makes it difficult to read	10/22/2021 10:55 AM

72	For those who have the susi grant, there should be an option to click when talking about fees and then if the fees are not payed by susi then ask for payment.	10/22/2021 10:54 AM
73	Didn't realise I had to select a minor subject wasn't clear at all! Also complicated to pick and choose modules	10/22/2021 10:53 AM
74	Time tables are terrible. They don't line up with google calendars and don't get updated clases change.	10/22/2021 10:53 AM
75	Google calendar makes looking at your timetable very easy	10/22/2021 10:48 AM
76	Occasionally, the online registration would tell me that my registration is in complete, but upon checking it, I have everything done... perhaps there is a bug or glitch?	10/22/2021 10:42 AM
77	Hard to understand timetable when you've never had one like that. Could be useful to have explanation about what everything means.	10/22/2021 10:37 AM

#	ANY FURTHER COMMENTS OR SUGGESTIONS?	DATE
1	There was an error in which one of the modules was marked as having free spaces but I was greeted with an error message each time I tried to register. I notified the student desk and relevant school about this. Also, some core option modules were already full even at the start of my allocated registration time. It appears that some students may have been disadvantaged by having a later start time than other students despite being eligible for the same modules. Perhaps elective modules could all be allocated on a first-come, first-served basis rather than being primarily randomly allocated.	11/8/2021 5:49 PM
2	Wasn't able to select all my tutorial slots when registration opened but it got fixed a few days later	11/7/2021 9:40 PM
3	There should be ample spaces available on optional modules to account for incompatibles, especially for people doing double majors. There should be more elective modules available in Autumn	11/5/2021 5:16 PM
4	an exchange/internship option would be helpful for registration as i was told to leave my semester 2 options blank as I'm going on erasmus then and my registration kept saying it was not completed as i had not selected my semester 2 modules	11/5/2021 12:18 PM
5	By the time my slot came for me to register for my option modules, all of the ones I wanted were gone. I understand that you have to find a system to ensure that the website doesn't crash with thousands of 2nd years registering. However, would it not work if you designated registration times by Stage + Course? That way all students might get a fairer chance to get into the modules they want?	11/5/2021 11:11 AM
6	navigating and selecting some optional and elective modules was quite challenging as timetable clashes with other modules. Although it was resolved after few days.	11/5/2021 10:58 AM
7	Allocation of random start times has put me at a disadvantage for two years now. I have been unable to secure the option modules I desired as they well full at the time of logging on. Absolutely disgusting on UCD part that I will be paying 16 grand to study here and I can't even select the modules I wanted because 'it's random', this affected numerous people in my course. We sent so many emails and nothing was done. We selected this course based on the modules available, but when it comes to it we cannot do it? Through no fault of our own??	11/5/2021 10:47 AM
8	make fees part of registration clearer and easier to use	11/5/2021 10:30 AM
9	It's really hard to filter/search through electives, like yes you can open them in new tabs and check manually but it would be so much nicer if there were more search options like online/blended/in person and types of assessment and so on.	11/5/2021 10:25 AM
10	This survey page should be sent out and closed within the first 2/3 weeks of term. I don't	11/5/2021 10:23 AM

	really remember after that date.	
11	All modules and electives I was interested in we're full by the time I was given to register. I had to email the module coordinators to let me into the classes.	11/5/2021 10:15 AM
12	There was issues with my registration as I was registered for two separate 5 credit modules when we should have only been registered for one. Also, there is an issue with my fees. I paid my fees in full, but now they have changed and it says ucd owe me money	11/5/2021 10:14 AM
13	The allocation of times is not fair. Two years in a row I was in the last group to choose classes and all the classes I wanted were full by 1 pm. I kept getting told allocation was fair when it absolutely isn't. If it was fair I would not have been last two years in a row.	11/5/2021 10:14 AM
14	found it difficult to navigate the electives available to me	11/5/2021 10:01 AM
15	Please add more filters when it comes to choosing electives, that would save a lot of time and energy	11/5/2021 9:41 AM
16	Try to ensure there is equal chances for each student to get elective modules. Getting a time slot after most of the other students leaves you with electives that you may feel are irrelevant to your degree courses.	11/5/2021 9:39 AM
17	The timetable on both sis web and google calendar was not as accurate as previous terms.	11/5/2021 9:37 AM
18	The UI on ucdconnect feels a little confusing in the beginning and throughout the semesters, not as user friendly as one would like. Also the timetable could also use some touching up in the same way. Module registration is a whole new ordeal on its own, some more explanation on the system of how many credits when and how could be useful and less confusing, same applies to the UI.	10/31/2021 7:02 PM
19	timetable - notice should be provided that practicals arent on timetable until week 2/3	10/30/2021 9:00 PM
20	Answered "poor" for fees as it would be helpful to have payment schedule and the 1/3rd payment explained in the breakdown instead of going on a hunt for it.	10/27/2021 10:48 PM
21	Some places fill up fast causing disappointment on not being able to register for certain modules. In law with Programmes alot of option modules conflict with the time table for core law modules needed for the legal profession, resulting in opting for modules out of my interest area.	10/27/2021 7:40 PM
22	Could make some changes to the careers survey as same as previous year and there have been some changes with my timetable that some lecturers have not been great at communicating to us.	10/27/2021 3:35 PM
23	Timetable on sisweb does not correlate at all with module timetables given at the start of term.	10/25/2021 8:03 PM
24	Registration can be a bit confusing at times it would be helpful if there was more elaboration for eg, I study Modern Languages and had to choose what languages to major in in 2nd year- we were not really informed that that was going to come up	10/25/2021 3:47 PM
25	Inconvenient that labs and tutorials don't show up on the timetable for a few weeks	10/24/2021 10:53 AM
26	Options and electives for final year medicine looks really weird. I'm still not 100% sure if I've actually completed registration...	10/23/2021 11:21 PM
27	It would be nice if there was an easier way to see where a room was e.g. on a map	10/23/2021 8:14 PM
28	Lower fees	10/23/2021 8:10 PM
29	Timetable confusing regarding tutorials and lectures. Fees need more breakdown	10/23/2021 4:56 PM
30	Some lecturers make changes to the timetable. Would be nice if SISWEB could update accordingly	10/23/2021 3:44 PM
31	Online portal is horrible	10/23/2021 1:24 PM
32	Due to being given one of the last registering slots, I did not have much choice in module selection and thus could not enrol in my preferential modules. This was disappointing as last year I also had the same problem with rgistration.	10/23/2021 12:52 PM
33	Timetable is inaccurate, especially week numbers, as well as the tutorial/lecture/seminar colors. Online registration doesn't mark as complete even when a section is completed.	10/22/2021 11:51 PM
34	The Registration for Modules was broken so I cannot actually complete registration	10/22/2021 10:40 PM
35	Sometimes needs to be clearer on what I'm supposed to be doing module wise like what	10/22/2021 10:21 PM

	credits i need for what etc	
36	Very difficult registering to some modules, emailed loads of offices and one school never even replied to a query I sent.	10/22/2021 9:38 PM
37	allow us to 'favourite' the timetable specifically to infohub. Now the only option is to favourite My Registration, and from there the timetable is another click away.	10/22/2021 9:23 PM
38	There were a lot of clashes with brightspace and SisWeb timetabling	10/22/2021 8:26 PM
39	Almost impossible to get advice or support from the program office , not all questions can be answered be email , particularly if it is an unusual question . Also takes far too long to get a reply and then not all questions answered . This system is not working	10/22/2021 7:48 PM
40	Not impressed the SU levy was still charged even though we weren't on campus at all	10/22/2021 3:56 PM
41	It was not an option to confirm registration prior to the opening of module registration which caused a lot of stress and confusion for students who had been told they must confirm registration to be able to select modules	10/22/2021 3:40 PM
42	This survey is weighted positive result - two positive responses, only one negative. This will skew responses into an inaccurate positive response. You also have no neutral response. Electives system was awkward to use and repeatedly showed modules I could not use despite ticking to hide full modules and modules that clash. It would be better if you could filter by: clashes with lectures, clashes with things I can move (labs/lectures etc), level of module (level 1, 2, 3, 4 etc), assessment style (mcq/essays/continuous assessment), method of delivery (online/in person). Please also make a system for looking through modules with the same features that isn't accessed via registration so that we can look at available options when we aren't under time pressure to pick something before it fills up. I also had some issues this year where the system allowed me to pick modules and labs/tutorials that I later found out were clashing.	10/22/2021 3:35 PM
43	all of the core options and modules clashed for my autumn trimester and the system would not let me pick any business related electives for the trimester	10/22/2021 3:16 PM
44	The allocated times to register could be a fairer system so that all students at some stage get to register first. The later the time the less options especially with electives. Also the electives should cut off registering for them when they are full rather than been refused the module a couple of days before beginning semester and having to choose again.	10/22/2021 2:39 PM
45	I transferred from first year science to medicine and I felt that the transferring process was really difficult with very little information given to me. I had to go through multiple student services, academic advisors and module coordinators to make sure I was fully registered and that my timetable was fixed and I felt that the process could have been a lot easier if more information was given to transfer students. I also didn't get a peer mentor, even though I was starting in a completely new course and I felt that I missed out on a chance to meet some of my classmates and ask any questions I had, so I would recommend that transfer students in first year also get a peer mentor even if it isn't technically their first year in UCD.	10/22/2021 2:02 PM
46	had a few problems with registration (re cores/options) as taking erasmus module this trimester but thankfully got it sorted with help from the science office	10/22/2021 1:43 PM
47	The elective places allocation process could be improved because it is very stressful being told you didn't get a place then only having a short time to find another elective	10/22/2021 1:20 PM
48	The SISweb timetable does not accurately reflect the real timetable so we are sent weekly updated timetables from the stage coordinator.	10/22/2021 12:51 PM
49	Need to make it easier for Erasmus students I am going away next semester and allocation of credits was very confusing	10/22/2021 12:49 PM
50	I was late choosing my modules because i thought I'd get an email about it but i didn't because I never got an email reminding to register for the next stage at all	10/22/2021 12:44 PM
51	Would be helpful to be able to filter elective modules by stage.	10/22/2021 12:30 PM
52	Elective module requirements, credit wise, need to be clearer	10/22/2021 12:14 PM
53	I can only do 11 modules this year as i did 13 last year, i was unaware that i did something wrong and passed all my modules. i am still not completely registered this year so far	10/22/2021 11:47 AM
54	Put in lab/tutorial timetables sooner since some labs started in week 1. Allow students to register themselves to available lab/tutorial slots to prevent clashes in timetable.	10/22/2021 11:44 AM
55	None	10/22/2021 11:39 AM

56	Google calendar not syncing with sisweb calendar	10/22/2021 11:37 AM
57	It's very tricky to try and find electives that fit into timetable without reconfiguring other modules. It's also hard to see what the timetable actually looks like when there's a lot of labs that only occur twice during the semester	10/22/2021 11:33 AM
58	Random allocation of times meant modules were full before I even got to register. Completely unacceptable.	10/22/2021 11:32 AM
59	A constantly updated course wide timetable would be nice to have and clear up the constant confusion of if your tutorial or lab is today and if ur in the group or not. Would make life easier	10/22/2021 11:26 AM
60	I am a Law with Irish 4th year student (course no. DN600), however, I wished to choose an elective from one of the Irish language modules the School of Irish, Celtic Studies and Folklore provides. But I couldn't find and of those modules via the electives tab/when selecting my electives. Other people doing the BLC Law with Irish degree couldn't find them either. We had to ask the Irish School to manually register us. Could this be sorted for the future? The Irish language modules I was looking at were: IR20050 IR20210 IR20220 IR20240 IR30100 IR30200 IR30370 IR30410 IR30420 and IR30450	10/22/2021 11:16 AM
61	The information required for modules needed for further progression to a particular stream are spread out and make determining required modules difficult. Also, the listing of filled elective modules when trying to select modules was frustrating.	10/22/2021 11:12 AM
62	The random allocation system of online registration times is incredibly unfair. In my particular degree, last year we were unable to pick option modules as they clashed with our core modules. Then this year the year below us all received earlier times for registration - and their cores did not clash with the said option modules. I am in final year therefore we never had the opportunity to sit these modules. If a random allocation is to still exist I recommend prioritising final years. I also recommend that if you are to provide option modules as part of a degree that these should not be clashing with cores. If you anticipate they will just please remove it from the degree for the year and reflect it on the webpage.	10/22/2021 11:10 AM
63	Very unfair that students within the same Course and year are given differing Registration time slots. Those with later slots are disadvantaged and limited because popular Option and Elective Modules are already full.	10/22/2021 11:09 AM
64	It can be tricky in advance to see the full amount of courses available as an elective	10/22/2021 11:07 AM
65	Did not have a good choice of electives as we were registered after other courses (BAFS Stage 4)	10/22/2021 11:04 AM
66	The option module selection is not fair specifically to those who's time to register is later on in the day. There was not any modules that had practical work left by the time the day ended and some of those who were able to select the practical modules had already done a practical module whereas the ones who were not able to do a practical module have never done one. It is not fair as those who did not get a practical module and has not yet are expecting to do some practical work from a course that in a way relies on it to find a job after graduation.	10/22/2021 11:01 AM

69	Some of my lectures are planned to have some online classes which is shown on the individual module timetables given by the coordinators but when I look on google calendar the online class is shown to have an allocated lecture room on campus. It is hard to remember every module and if each class is going to be online or in person, stating this on google calendar would be helpful.	10/22/2021 10:56 AM
70	No women- women health class taught in 2000 modules	10/22/2021 10:55 AM
71	21/22 fee payment was delayed in coming through. When I was registering it still said 20/21 fees and they were fully paid. Module selection was limited because I was randomly allocated a later starting time.	10/22/2021 10:53 AM
72	I do not know in what order the registration is given, but I have good Stage 1 grades and I did not have many choices for electives and laboratories because by the time I was able to enter registration the majority of the slots were already taken. In addition I had to ask to be placed in a elective because the system did not let me register because it overlap with one lab even though the elective was entirely online, so it did not had any sense as the elective schedule did not matter.	10/22/2021 10:53 AM

73	Hi, thank you for undertaking this survey. Most of what I would have to say is positive, however the problem(s) with Registration seem to come when there is even the tiniest deviation from a straightforward Registration. The issues around resolving any problems continue, even when you contact the Student Desk, or Registration Section by email; though people do try to help, but cannot resolve the outstanding issue(s), such as in my case where even though I have progressed to Stage 3, it still says on my documents and the site 'not progressed from Stage 2', you are told 'that's just the way the system is'. I cannot be the only student who has had to take time out for serious illness and undertook some Stage 3 modules in one year, but carried others to the next academic year? As I said, don't want to be too negative, but it would be nice to be able to have ones record correct and up to date. Rather than a system which appears neither to allow for any deviation or provide UCD staff with the ability to resolve issues and correct students academic records. Thank you.	10/22/2021 10:52 AM
74	I'm a 2nd yr nursing student...we'd to choose lab times, but seeing as our labs are all on the same day & either from 9-11/1-3/3-5, I feel like it'd be so much easier if they were pre assigned like in 1st yr. If students had a major issue with their time then they could request to get changed.	10/22/2021 10:51 AM
75	Online registration should be available earlier in August and labs and tutorials should be added at least one week before the academic year starts	10/22/2021 10:49 AM
76	Mother of divine for 17k fees I would like a proper timetable. I have spent two days at the beginning of each term compiling a proper timetable from various pdfs provided on bright space by different module coordinators. These are all in different formats, and scattered around different folders with no consistency. One lecturer didn't even provide a timetable for the full term. Relying on sisweb is not possible for example was scheduled a tutorial in law building but nope wasn't there. A different timetable on brightspace. GEMs are paying large fees, and have huge financial constraints we need to know early on and with accuracy what our hours are so we can schedule work. And another thing - to not be able to get a seat in the library to study when we are being dragged on campus for things that could absolutely be held online is ridiculous. We are being brought in to watch videos or do oral tutorials but 18 months in and we have had almost zero actual clinical education bar talking about how it happens. The first time we actually have something we have to share a catheter amongst 10 of us, told not to use lubricant etc. To have an "airway" tutorial with no airway mannequin? Really disappointed I didn't choose RCSI.	10/22/2021 10:48 AM
77	Exploring pandemics sociology module was cancelled with no reason and then when we logged back in to pick another module , a lot of them were full	10/22/2021 10:47 AM
78	I couldn't pay my fees until less than a week before the trimester started, it would have been helpful to have been able to pay sooner	10/22/2021 10:44 AM
79	I could not register on my start time as there was a technical issue on UCD's side, my emails were not answered for over an hour, can you imagine the stress as a final year student trying to pick modules, no apology, the usual UCD. My fees were also 500€ more than they should have been. I went to the student help desk but of course they're closed for in person walk-ins because of covid. Everything else is able to open and students are being thrown into lecture halls sitting on each others' shoulders but yet the students help desk wasn't there to help. Had to be done online, complications but again no apology for the fact that I was overcharged	10/22/2021 10:44 AM
80	AUTOMATED START TIMES ARE GROSSLY UNFAIR. If you are going to proceed with this system, you should ensure students who received a late start time the year before receive an early one the year after.	10/22/2021 10:37 AM
81	I found that it took a while for my fees to actually appear, which meant I was unsure what I had to pay	10/22/2021 10:35 AM

15	I do not use the app that much. Almost everything on the app is just a webpage shortcut that takes you to a website, really poorly designed, this could be a lot better and people would actually use it for practical uses. 63	Accessing the map through the app is very difficult as whenever you go into it, it brings you back out after 1 minute or so. It is also very basic. I would like to be more like Google maps- being able to actually show your current location, directions to a specific section of a building, MULTIPLE FLOOR PLANS maps- the ground floor is not enough. 24	The Brightspace emails keep clogging up inbox, maybe a separate inbox for Brightspace?	10/22/2021 1:18 PM
25	I didn't know there was a UCD app	10/22/2021 12:09 PM
26	Nope	10/22/2021 12:05 PM
27	Just scrap the whole thing and start again.	10/22/2021 11:47 AM
28	summarise emails	10/22/2021 11:23 AM
29	More online videos and guides from the Student Ambassadors please!	10/22/2021 11:17 AM
30	some videos are outdated	10/22/2021 11:05 AM
31	we get so much emails from UCD: what's on this week/2 weekly updates/green campus/gym/SU/library...& most of them aren't helpful. They clog up my inbox & can cause you to miss key info from teachers. I was class rep in 1st yr & my class missed mails from clinical allocations & the CPCs, mails that were super important for placement, cause of all	10/22/2021 11:00 AM

those other pointless 1s. I feel like you should only get sent them if you subscribe to that UCD targeted communications system or there needs to be the option to unsubscribe.

32	Email was very useful and clear. Most things on the website and on Brightspace were difficult to find	10/22/2021 10:58 AM
33	They are very infrequent and too full of information. It would be easier to receive more emails with small bits of information	10/22/2021 10:51 AM

1	Perhaps the total number of spaces available in each module, along with the number of places which have already been taken could be listed for students to see when doing the registration. It appears that this was only available for elective modules but not for core options.	11/8/2021 5:53 PM
2	It's brilliant to be on campus.	11/8/2021 4:34 PM
3	no	11/7/2021 10:31 PM
4	I found the readings and research part of the modules hard as there was very little explanation on how to use readings for learning and how to do research using academic journals. Especially coming straight from secondary school were none of this is done, I could not understand what I was meant to be doing. Sometimes we are given readings that are never discussed or even mentioned in lectures and and it confused me as to why we read them if they had no connection. Perhaps a video about transitioning from secondary school style learning to research learning would be helpful.	11/6/2021 11:19 AM
5	I would love to continue blended learning (what I'm doing right now, due to my course size).	11/5/2021 1:04 PM
6	Not really aware of what is expected of us with our study and the mid semester exams were very difficult as a result	11/5/2021 12:42 PM
7	It was left much too late to confirm that classes were on campus (especially considering other universities stayed online so there was no Ireland-wide guidance), which left me, as an international student scrambling to find accommodation and missing all the freshers & welcome events due to quarantine restrictions. Started the semester off in a very bad way	11/5/2021 12:29 PM
8	Lack of freshers/ first year events	11/5/2021 12:25 PM
9	I find it a very easy and smooth process!	11/5/2021 12:21 PM
10	better structure for tutorials	11/5/2021 11:34 AM

11	Thanks	11/5/2021 11:01 AM
12	See previous box. Random allocation of start time is incredibly unfair especially when you have the late start time for the second year. It has affected my GPA and totally put me off applying for masters with UCD, it is evident they don't care about students.	11/5/2021 10:49 AM
13	An optional introduction to study and ways to study in stem for students in stem should be offered and the emphasise on the expectations of students during term should be emphasised.	11/5/2021 10:27 AM
14	After 3 years, there is still a bit of confusion with optionals and electives. A short video guide explaining basic questions wouldn't hurt.	11/5/2021 10:27 AM
15	Not fair allocation, last group 2 years in a row and when I tried to get help I was dismissed on many occasions by different departments.	11/5/2021 10:15 AM
16	Good considering the circumstances of COVID. Unfair to be overly critical when Trinity and other colleges were a mess. Regardless, the most important thing and most appreciated thing was UCD's commitment to on campus and in person learning.	11/5/2021 9:59 AM
17	no	11/5/2021 9:57 AM
18	It was very overwhelming until we eventually started classes	11/5/2021 9:44 AM
19	Elective time lot provision should be changed	11/5/2021 9:40 AM
20	It was really stressful	11/2/2021 10:43 AM
21	Lectures and tutorials are in person now. There is no need for so many lecturers to continue using Brightspace for exams and assignments that should be done in person.	10/31/2021 6:15 PM
22	Better than last year but still needs improvement	10/27/2021 7:42 PM
23	I think everyone gets nervous however for me it was the waiting that drained me but, It was a worthwhile waiting though going to mark a new chapter in my life, Furthermore for something i have been waiting for seven years.	10/25/2021 4:21 PM
24	I found it hard to find all the things I had to register for and videos I had to watch and basic mcq's like the library one or the active bystander program or the sports application so maybe I'd make them easier to find!?	10/24/2021 11:02 PM
25	There wasn't enough support in terms of people helping me figure out what I would like as my electives, then by the time I finally decided/figured out how to navigate the website most of the electives were filled up.	10/24/2021 7:46 PM
26	better wifi quality in school	10/24/2021 2:15 PM
27	A bit confusion on registering for electives tuto/seminar. Didnt get to explore discovery modules (maybe it's just me didnt notice it). But other than that, it was all fine and easy!!	10/23/2021 7:02 PM
28	I haven't found any of my tutorials to be useful in any way so far. I think they are a waste of time and that many tutors aren't prepared enough.	10/23/2021 5:28 PM
29	Page navigation was less of a problem than the content being too wordy- maybe have more bullet points	10/23/2021 3:47 PM
30	Most modules within my school were filled by the time my allocated registering slot came about. THus I could not enrol in desired modules. This was disappointing. Perhaps a system could be put in place whereby those who get early registration spots one year, get the later slots other years, ie rotate the way in which registration slots are allocated to ensure that everyone can avail of their desired modules and not the same people every year (Law school)	10/23/2021 12:56 PM
31	More help finding buildings / getting around. Thought there would be more guides on campus to help students navigate- quite overwhelmed!	10/23/2021 8:25 AM
32	Really easy start to the term, feel really at home and staff are wonderful - thanks for a great beginning to my UCD career :)	10/22/2021 10:59 PM
33	More of an ok rather than a good. Student desk was at least helpful but also a bit of a mess	10/22/2021 5:16 PM
34	I wasn't allowed entry into my chosen course. It had a really negative effect on me. I couldn't get any help from staff in UCD. All the UCD staff told me tough luck and try again next year. I then received an email in the second week about promoting mental health among students in UCD. I thought this was ironic as my mental health wasn't considered when they excluded me from my course even though I had the entry points and then I was	10/22/2021 3:38 PM

forced to take a course I had no interest in and am now about to drop out of. In UCD students aren't looked after, they are simply used as an income source.

35	Complicated time pressured system, as well as lacking information to explain and assist	10/22/2021 3:36 PM
36	get rid of the random allocation of start times. go back to how it used to be	10/22/2021 3:17 PM
37	Very overwhelming, would have loved to do it with someone who actually could guide me; instead of registering and then coming in and speaking with my module coordinator (then the modules are all full by this point...)	10/22/2021 3:15 PM
38	Module capacity issues were prevalent, so registration to the majority of my modules had to be done through contacting the school/office.	10/22/2021 3:04 PM
39	Site told me that I needed a PPS number when I, in fact, did not, this stressed me out and wasted my time. Site told me I needed to update my personal information when I already had done so, it didn't show that I have completed it and kept saying that I need to do that, thus requiring another email to the student desk. Site has no way to send my financial guaratneee provided by sponsor other than contacting by email	10/22/2021 2:24 PM
40	Make it easier to pay	10/22/2021 2:22 PM
41	Because of the staggered times when it came to my time modules I needed for my pathway such as playwrighting were no longer available. That is very disappointing.	10/22/2021 2:10 PM
42	As I said before, I just think that more information should be given to students changing courses so they don't have to be as stressed trying to sort everything out themselves before lectures start.	10/22/2021 2:06 PM
43	was confusing to register and brightspace is so confusing	10/22/2021 1:48 PM
44	Students in Languages, Linguistics and cultures should also have the option to have pre recorded lectures.	10/22/2021 1:39 PM
45	Need more awareness for later offers not experiencing introduction and orientation etc	10/22/2021 12:56 PM
46	At the very start it was quite confusing but I found my feet quite quickly and got used to it all.	10/22/2021 12:56 PM
47	Timetable was overall a mess, unclear as to if we needed accomodation in dublin.. It was said classes could be recorded for commuters but sometimes not.. overall felt it wasn't great for people who don't live in Dublin	10/22/2021 12:51 PM
48	Timetabling is always messed up and takes up a lot of time in the first few weeks to sort out	10/22/2021 12:45 PM
49	Lab registrations being so late was stressful.	10/22/2021 12:32 PM
50	It just seems a bit unorganised at the very start as if it's all just an experiment (this just applies to richview problems...)	10/22/2021 12:28 PM
51	The process was somewhat streamlined, with the odd hiccup around module reg not being opened yet for certain modules despite being invited to register for their labs.	10/22/2021 12:23 PM
52	sometimes when you were doing registration it said you weren't complete even though i had picked all my modules, elective and put down my information but it still said my registration wasn't complete	10/22/2021 12:13 PM
53	Not enough support for those who are immunocompromised with regards to covid 19 at all - seemed to be left to the individual choice of lecturers rather than a drive by UCD to ensure those who are not comfortable attending college in larger groups are provided for.	10/22/2021 12:11 PM
54	On registration website it never said registration was complete even though I had done all the steps.	10/22/2021 12:02 PM
55	i dont feel safe on campus due to my experiences and other girls experiences.	10/22/2021 12:01 PM
56	Some problems across but I believe they were mostly due to my lack of stable WiFi,	10/22/2021 11:52 AM
57	Wish I knew about Innovation Academy earlier, would've registered immediately. Luckily I still got the chance to change my elective.	10/22/2021 11:47 AM
58	Timetabling should be run smoother to avoid stress in starting weeks.	10/22/2021 11:45 AM
59	Another category between 'good and poor' would be useful	10/22/2021 11:39 AM
60	It would've been good to have had a meet your class for stage 2 students as I still don't	10/22/2021 11:34 AM

	really know anyone in my course	
61	Start times for registration should not be random so all students competing for the same modules actually have an equal chance of getting places in modules. All lectures should be recorded and made available to all students in the current environment.	10/22/2021 11:34 AM
62	Registration was good expect you'd finish completing the registration but it would still say " this is not completed"	10/22/2021 11:23 AM
63	More effective communication would be better. Also, considering COVID-19 and the guidelines that ask students to stay at home when experiencing symptoms, participation SHOULD NOT be graded in any module.	10/22/2021 11:20 AM
64	The law school were very helpful when changing modules and getting added into the modules when they were full already.	10/22/2021 11:17 AM
65	It was needlessly difficult and caused immense frustration. Especially having to go through the electives a second time after the practicals/tutorials were assigned	10/22/2021 11:14 AM
66	just need more clarity on electives - it's very confusing if not a discovery or structured	10/22/2021 11:09 AM
67	If a lecturer can record the lecture I think they should. There is no blended approach at all, which after all we learned during the pandemic, is a sorry situation for one of the leading universities in Ireland.	10/22/2021 11:01 AM
68	In architecture, we were not given enough notice about the cost of equipment which was €400	10/22/2021 10:58 AM
69	Lectures are good but timetables and calendars provided are terrible. Better off using paper calendar then the provided timetables	10/22/2021 10:55 AM
70	Labs were only added to my timetable with less than 24 hour notice of them beginning. i was scheduled a lab and tutorial at the same time every week	10/22/2021 10:52 AM
71	-	10/22/2021 10:51 AM
72	My experience so far has been very positive. However in the first fortnight I struggled with Brightspace and deadline dates as they weren't easily findable on it. Also, the level of emails coming from Brightspace daily can make it easy to miss out on genuinely useful and necessary emails coming into my account.	10/22/2021 10:48 AM
73	I had an issue with registration where it was telling me I needed to select one more module because my registration wasn't complete but then I was over my credits and had to pay extra fees. That was quite frustrating	10/22/2021 10:45 AM
74	Simply because I only received my course in fifth rounds and the registration was closed online. I feel as though there should have been more help and support for student like myself as we are at a disadvantage and I felt as though there was a lack of support	10/22/2021 10:42 AM
75	THERE SHOULD BE A CHOICE TO DO LECTURES ONLINE! When COVID started there was this whole message from UCD saying how great it was that we could be flexible and do college online...it worked amazingly well last year so why change it? Why not offer both? Most of my lectures aren't bothering recording even, never mind live stream	10/22/2021 10:40 AM
76	People talking during lectures is really distracting, especially when you are already struggling to keep up with the module content.	10/22/2021 10:38 AM
