Proposed Research (indicate general title):

Please describe in detail on not more than four A4 sheets your proposed research:
Your statement is an essential part of your application and should include an outline of the objectives/aims of the research, background information on the proposed project and should mention any equipment essential to your work.

References:

State the names, titles and official addresses of two persons to whom you have given the annexed confidential reference form.

The referees should preferably be chosen from university teachers, research supervisors or former employers who can fully testify as to the quality of your work, if possible over the last three years.

Remarks:

I certify that the above particulars are complete and accurate.

Signed:
