THREE TITLES FROM BRYAN FANNING

Bryan Fanning, a well respected academic and author, brings us three unique titles each focusing on a different aspect of immigration in modern day Ireland.

Immigration and social cohesion in the Republic of Ireland

Bryan Fanning

In the last decade Ireland’s immigrant population grew to more than one in ten. Now in the midst of an economic crisis the integration of immigrants has become a topical issue. Drawing extensively on demographic data and research on immigrant lives, immigrant participation in Irish politics and the experiences of immigrants living in deprived communities, this book offers a thorough study of the immigrant experience in Ireland today. Well-researched chapters and case studies examine the effects of immigration on social cohesion, the role of social policy, the nature and extent of segregation in education, racism and discrimination in the labour market, and the barriers faced by immigrants seeking Irish citizenship.

This book will be essential reading for students and scholars of immigration in Ireland and will appeal more broadly to those studying politics, sociology, geography and social policy.

Racism and social change in the Republic of Ireland
Second edition
Bryan Fanning

This book, completed updated for the second edition a decade after it first came out, provides an original and challenging account of racism in twenty-first century Irish society and locates this in its historical, political, sociological and policy contexts. It includes specific case studies of the experiences of racism in twenty-first century Ireland alongside a number of historical case studies that examine how modern Ireland came to marginalise ethnic minorities. Various chapters examine responses by the Irish state to Jewish refugees before, during and after the Holocaust, asylum seekers and Travellers. Other chapters examine Irish policy responses to racism. The book will be important for students of contemporary Irish society and Irish social history and those interested in politics, sociology and social policy.

Ideal for undergraduates, postgraduates and academics in the field of sociology, social policy and Irish Studies

‘Bryan Fanning is the internationally acknowledged expert on the extraordinary sociological phenomenon of an emigrant Ireland being transformed within a decade into an immigrant nation on a spectacular scale. He has put together a fascinating collection of studies of this historic transformation.’
Tom Garvin, Professor of Politics, University College Dublin
