# Society for Social Medicine 59<sup>th</sup> ANNUAL SCIENTIFIC MEETING

Wednesday 2nd - Friday 4th  
**SEPTEMBER**  
**2015**

The Annual Scientific Meeting (ASM) is designed to facilitate the reporting of new research findings, providing opportunities for younger members to present in a relaxed, friendly environment and also allowing for presentations from established names in epidemiology and health services research. It provides excellent opportunities for networking, developing and maintaining friendships and enjoying the experience.

There are also two lectures, named after Archie Cochrane and John Pemberton, given by well-known speakers.

## LOCATION

School of Public Health, Physiotherapy and Population Science,  
Health Science Complex,  
University College Dublin, Ireland

## KEYNOTES

Wednesday  
September 2nd
