THURSDAY 20th OCT, 2016

LECTURE

13.00 – 13.30	Welcome and Registration: Professor Ursula Fearon	
13.30 – 15.10	Inflammatory Arthritis I – Translational Aspects Chairs: Professor Ursula Fearon & Dr. Jean Fletcher	
13.30 – 14.00	Is there a pathogenic cell in RA? Professor Pierre Miossec	
14.00 – 14.30	A post-transcriptional switch between persistence and resolution of inflammation Professor Andy Clark	
14.30 – 15.00	A novel pathway for regulation and resolution of RA Professor Georg Schett	
15.00 – 15.10	Short scientific presentation	Trainee/PhD or post-doc
15.10 – 15.30	Refreshment Break	
15.30 – 17.10	Inflammatory Arthritis II: Clinical Aspects Chairs: Professor Gerry Wilson & Dr. Aisling Dunne	
15.30 – 16.00	Should biologic therapies be used in early RA? Professor Tom Huizinga	
16.00 – 16.30	Biosimilars - Here & Now Professor Jonathan Kay	
16.30 – 17.00	Pathway Analysis and Rheumatoid Arthritis Professor Walter Kolch	
17.00 – 17.10	Short scientific presentation	Trainee/PhD or post-doc
17.10 – 17.30	Refreshment Break	
17.30 – 18.15	Inflammatory Arthritis II: Clinical Aspects Chairs: Dr. Sinead Harney & Dr. Alexander Fraser	
17.30 – 18.15	Can we predict who will develop RA and can we prevent it? Professor Paul Peter Tak	

New Horizons in Rheumatology

Science Gallery, Trinity College, Dublin 2
Thursday October 20th and Friday October 21st 2016

FRIDAY 21st OCT, 2016

LECTURE	
09.15 – 10.55	Skin and Bones Chairs: Dr. Ronan Mullan & Dr. Barry O’Shea
09.15 – 09.35	What makes SpA different from RA? Dr. Michael Weisman
09.35 – 09.55	The role of stromal cells in chronic inflammation Professor Chris Buckley
09.55 – 10.15	New therapeutic options for treatment of PsA Professor Andrew Cope
10.15 – 10.35	Joint Management of Psoriasis & Arthritis in 2016 Professor Brian Kirby
10.35 – 10.55	Short scientific presentation Trainee/PhD or post-doc
10.55 – 11.15	Refreshment Break
11.15 – 12.25	Systemic Rheumatic Disease Chairs: Professor Geraldine McCarthy & Professor David Kane
11.15 – 11.35	Giant Cell Arthritis pathogenesis and novel pathways Professor Justin Mason
11.35 – 11.55	Curing Gout: A rheumatological commitment ? Professor Fernando Perez-Ruiz
11.55 – 12.15	IBD and Arthritis – novel approaches to therapy Professor Glen Doherty
12.15 – 12.25	Short scientific presentation Trainee/PhD or post-doc
12.25 – 13.00	Lunch
13.00	MEETING CLOSE
